RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): 63-16262

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated printout of the claim(s) for your reference only, it is not necessary to return this printout or re-file it. You indicated, when these claims were filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Idaho Department of Water Resources (IDWR) since there is no decree, license, or permit on file to verify the use of this water. For this reason, IDWR is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future. The required evidence supporting the priority date(s) requested needs to be submitted by December 30, 2005.

Please let me know if you have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

Sincerely,

Sandy Egbert
GIS Specialist

10-14-05 I talked to a Riginal Jones to schedule a field exam. Mr. Jones stated that someone from our office had already had came out and took pictures and measurements. I told him that I would double check and get back in touch with him.

10-20-05 No answer

10-28-05 Called Mr. Regenald Jones on 10-28-05 about scheduling a field exam. I explained to Mr. Jones that we needed to get a flow measurement; Mr. Jones told me that he thought that if I came out that the State would start billing him for his water. I tried to Explained to Mr. Jones what information we needed and why we needed this information; but Mr. Jones was very upset and would not let me explain. I then gave Mr. Jones the name of Jan Shurte and Sandy Egbert at the IDWR office if he had any further question.

- 1) Intrepid did a FE and apparently didn't get anything
- 2) Kavan did a FE and apparently didn't feel the need to take a measurement.

- Thus, could you conduct a FE on both of these classes. I think we also need a C/A or C/O. Forms included.

- Thanks. Kavan's notes might be of some help

RE: CHANGE IN OWNERSHIP FOR 63-04315

Dear Sir or Madam:

It has come to our attention that you may have purchased a tract of land in Ada County. According to our records, the property to which I am referring was most recently owned by Girdner and Jones. The legal description is as follows:

T04N, R01W, S11 SESE and S14, NENE

A water right for this property was filed on in the Snake River Basin Adjudication (SRBA). IDWR is currently in the processing of reviewing the Adjudication claims in basin 63 part 2. We recommend that if, in fact, you now own the property in question, and do use the water for the purposes claimed, you file a "Change in Ownership" with this department in order that we may send all further correspondence to the appropriate owner(s).

Enclosed is a Change in Ownership form. Please fill out the form completely, sign and date it and return it to my attention along with a "copy" of your Warranty Deed and legal description of the property you have purchased.

If you have any questions regarding this matter, please call this office at 334-2190.

Respectfully submitted,

Craig L. Saxton

Address is incorrect. Unsure if this is correct well; contacted claimant (Ray Jones). He didn't receive the letter, wouldn't cooperate; wouldn't tell me location of well. I offered to send a letter and tried to explain investigation but he wasn't interested so I tagged the POD as shown in the claim file.

RE: Investigation of Water Right Claims in the Snake River Basin Adjudication, Basin 63

Dear Claimant:

As you may be aware, the Idaho Department of Water Resources (IDWR) is commencing its Snake River Basin Adjudication (SRBA) investigation of water rights in the Boise River Basin (Basin 63). This investigation is a major effort, and IDWR has hired a contractor, Intrepid Engineering Services, to assist us with this task.

The purpose of this letter is to advise you that Intrepid might be contacting you to conduct a field investigation of your water use. This investigation is meant to provide important information to the IDWR Senior Water Resource Agent who will be making a recommendation for your water rights. Accordingly, we request that you provide Intrepid with access to your water diversion system so that their personnel can conduct this field examination. Intrepid will be gathering information on the rate of flow, diversion location and place of use of your water rights, and will be reporting this information to IDWR.

If you have sold your property in the Boise River Basin, we request that you forward this letter to the purchaser, so that the purchaser can report the new name and address to our office. If you are unable to forward this letter, please send any information regarding a new owner to our Western Regional Office located at 2735 Airport Way, Boise, 83705, (208) 334-2190.

The process of adjudicating your water rights is straightforward for most people, resulting in the issuance of decreed water rights on your property. Experience has shown that water users who work with our agency early in the process to ensure that their recordings are correct have a better experience than those who wait until IDWR has filed its findings with the SRBA Court. Thus, we encourage you to work with our staff and with Intrepid to ensure that the results accurately reflect your water uses.

Sincerely,

Jan Shurte

To whom it may concern:

In 1925 my father and I constructed a home on property described as the Southwest quarter of the southwest quarter Section 10, Township 4 North, Range 1 West, BM. Ada County, Idaho.

At that time a home existed on the property that was west and adjacent to our property and described as the East one-half of the Southeast quarter of the Southeast quarter of Section 9, Township 4 North, Range 1 West, BM, Ada County, Idaho.

The property was occupied by a man named Amos Prosser and his family.

Sincerely;

W. A. Miller
