RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): 63-20693

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated printout of the claim(s) for your reference only, it is not necessary to return this printout or re-file it. You indicated, when these claims were filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Idaho Department of Water Resources (IDWR) since there is no decree, license, or permit on file to verify the use of this water. For this reason, IDWR is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future. The required evidence supporting the priority date(s) requested needs to be submitted by APRIL 28, 2005.

Please let me know if you have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

Sincerely,

Sandy Egbert
GIS Specialist

RE: Notice of Claim to a Water Right No. A63-20693

Dear Ms. Holt and Mr. Pollard:

This office has processed a change of ownership for the above-referenced claim. A copy of the claim, with your names showing as the current owners, is enclosed with this letter.

This claim is based on the "Beneficial Use" of the water. Water rights of this type are established by the historical use of water, dating back to the time the water was first used (the priority date). Your claim has not been confirmed by a previous filing with IDWR, and the Department is under a legal requirement to gather evidence from claimants supporting the claimed priority date.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why this evidence is necessary along with examples of types of evidence which will fulfill the requirement. PLEASE SUBMIT THIS EVIDENCE BY DECEMBER 1, 1995. IF NO EVIDENCE IS SUBMITTED OR WE HAVE NOT RECEIVED A RESPONSE FROM YOU BY THIS DATE, YOUR WATER RIGHT, AS CLAIMED, MAY NOT BE RECOMMENDED TO THE COURT FOR DECREE.

It is our goal to decree the historical water rights as accurately as possible. Field exams to verify claims in your area are now being conducted by Department personnel. Please contact this office as soon as possible to schedule a field exam appointment convenient for you.

If you have any questions not covered by this letter, please do not hesitate to contact this office.

Sincerely,

Maria Minicucci

Re: Claim No(s). A63-20693

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority be submitted at this time.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area are now being conducted by Department personnel. Please contact this office as soon as possible to schedule a field exam appointment convenient for you.

The required evidence supporting the priority date(s) must be submitted by September 1 1995, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the Western Region office shown above.
