Subject: Clerical Error by IDWR carried to Partial Decree 45-4087
Attachments: PD 45-4087.pdf; 45-4087 Typo Error.RTF

Good Afternoon Julie,

I hope you are the right person to contact. Previously I have contacted Diana with an issue like this, but I saw in the court documents that the last one of these I was involved in (2-7221) was forwarded to you.

It appears that 45-4087 was partially decreed on 11-29-2010 with a typo. The partial decree identifies the individual diversion volume for municipal use as 24.00 AFY yet the max diversion volume is 22.00 AFY. The max diversion volume should be 24.00 AFY. This was an error by the Department as the last Amended Directors Report submitted to the court listed the incorrect max diversion volume of 22.00 AFY.

I have attached a copy of the partial decree that shows the error and then a "corrected" recommendation that shows the change that should be made.

Because this appears to just be a typo, in the past the court was able to issue a "Notice of Court's Intent to Issue Amended Partial Decree" to fix the error (see subcase 2-7221 for an example).

Is it possible we could do something like that for this situation.

Thanks,

Craig
