RE: Notice of Claim to a Water Right No. 78-4175

Dear Claimants:

In March of this year, you submitted the above referenced claim in the Snake River Basin Adjudication (SRBA). Enclosed is a computer generated print-out of the claim for your convenience. When this claim was filed it was based on a "Statutory Claim" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "**Priority Date**" as shown on the enclosed print-out. Your claim has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right, if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area are now being conducted by Department personnel.

The required evidence supporting the priority date must be submitted by **December 14, 2006**, referencing all documents with the corresponding claim number. If you have any questions not covered by this letter, or the enclosed pamphlet, please feel free to call me at 287-4953.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
