RE: Water Rights Motion Claim #'s: 86-11998 and 86-11999

Dear Clerk of the Court:

I have enclosed an amendment to the original claim #86-11998 that I have filed with the court earlier. After working with the IDWR it became clear that it needed to be amended, and that also I needed to file a second claim #86-11999 which is enclosed.

I respectfully ask the court to please include the second claim as well, on the scheduled hearing date of June 21, 2011, at 1:30 p.m.

A copy of the letter from Craig Saxton with IDWR is also enclosed.

Sincerely,

Darlene Reid

RE: Motion to file Late Claims in the Snake River Basin Adjudication (SRBA)
Claim #'s: 86-11998 and 86-11999

Dear Ms. Reid,

I am sorry it has taken so long for me to get back to you after our phone conversation in April. Per our conversation, I am enclosing two claims.

86-11998:

This represents an amendment to the original claim you filed with the court. I have attached a map with the claim for your review. This claim is meant to claim water for irrigating around your home, from the pond that was developed in 1955. My understanding is the source of the water to the pond is seepage or a spring at the bottom of the pond that you have no control over.

I can see that there are two ponds on the aerial photography. Please confirm that the correct pond is identified as the source of your domestic water. Please look over the claim and initial any changes you wish to make.

86-11999:

This represents the in-stream stock, or the water right for the stock drinking directly from the stream. As we discussed, you are not required to file for a water right for in-stream stock, but if you want to, it has to be on a separate claim from 86-11998.

Please look over the claim and initial any changes you wish to make.

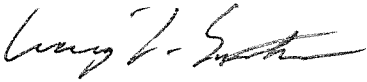

When satisfied with the claims, sign them and send them to the parties listed on the **Certificate of Mailing** attachment that is enclosed. Note that there is a \$25 filing fee associated with 86-11998. Send that \$25 filing fee payment to the copies you are sending to the SRBA court.

In your cover letter to the SRBA court, just explain that after working with IDWR to clarify some aspects of claim 86-11998, it became clear that 86-11998 needed to be amended and that a second claim for in-stream stockwater use needed to be filed and that 86-11999 represents the second claim. Then you will want to ask that both claims be heard on the same date. Currently, the scheduled hearing date for 86-11998 is June 21, 2011 at 1:30 pm.

It would not be inappropriate to include a copy of this letter in the packet mailed to the SRBA court.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Craig L. Saxton".
