MEMORANDUM

Date: November 16, 2009

To: Water Right No. 63-4053, Evelyn Loveless

From: Jan Shurte, Water Rights Supervisor

Subject: Explanation of Water Rights Pertaining to Above Right

During the resolution of the objection for the above water right, research was conducted into overlapping water rights for the land covered by this right.

The water right holder, Evelyn Loveless, has the following irrigation rights for this land:

Water Right No. 63-4053 – 95 acres of irrigation and 95 inches of water from the Isham Drain.

Water Right No. 63-4828 – 13 acres of irrigation and 13 inches of water in the southeast corner of the property from a spring source.

Wilder Irrigation District – 86 acres of irrigation. Per phone conversation with the Wilder Irrigation District they do not have shares and could not give me the amount of water, only that the water right holder pays for 86 acres of irrigation from the Wilder irrigation district.

In my conversation with the Wilder Irrigation District I was also informed that their water is in addition to that diverted by the water right holder from the Isham Drain or any other source.

I will place a copy of this memo in the above water right from Isham Drain and in Water Right No. 63-4828 which covers the spring source.

Re: Notice of Claim to a Water Right No. 63-4828 & 63-4053

Dear Claimant(s):

Enclosed is a copy of the above referenced claim(s), which reflect the change in ownership of the land and appurtenant water rights, covered under the original filing.

Please note that the enclosed Notice of Claim to a Water Right is not a final determination of your water right. This claim was filed during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

Thank you for your patience and cooperation, as we have had several water right changes to process. If you have any questions concerning the enclosed information, please feel free to contact this office.

Sincerely,

MEMORANDUM

TO: File
From: Liberty Gagnon
Date: November 9, 2004
Subj: 63-4828, 63-4053 & 63-2726

We received this C/O and it was sent to Karilynn to do the 63-2726 portion of it. The Deed and legal description that was originally sent was incorrect. It was for T7N R1W SEC 1 and the water rights are T3N R4W Sec21. Karilynn got the Tax notice and faxed a copy to us and we did the change of ownership with that information.

Thank you.

MEMORANDUM

September 6, 1995

TO: A63-04053

FROM: RON HOWERTON

RE: ADDRESS CHANGE

1. Cecil Horrace came into the office to find out what happened to the transfer form I sent him.
2. We found that the claim didn't have his correct address on it.
3. I had Cecil fill out an address change and used my copy of the transfer to change the names on it too, since he didn't have the original form.
4. After Cecil left I noticed that Cecil had put Betty Horrace Hubler down as a name change because she has a power of attorney to sign for her Mom.
5. I realized then that this alone couldn't be changed if she wasn't an owner, so I contacted Cecil's wife and asked Cecil to call in or I would by Noon tomorrow.

September 7, 1995

1. Cecil called and we discussed the problem of changing the names the way he had shown, would cause it to also become an ownership change. He agreed that it wasn't an ownership change. He only put Betty's name on it because she has the power of attorney to sign for her Mom.
2. Cecil also said that the Living Trust name was also very confusing on what it should really be called and doesn't want to pursue changing it through the ownership change process.
3. We also discussed that the transfer form need to show the corrected names on it too. He said he might re-type it himself. I said or we could change it when you come in.
4. I mailed a new copy and letter today after our conversation.

SUBJECT: A63-02476, -4053, -4828

Cecil originally called to re-schedule our 09:00 appointment on the 16th of August.

After a long talk about the use of water from Isham drain, we kept the regular FX scheduled.

He said that he might have Ken Henley meet with us during the exam, he has worked for the Boise Board of Control and can put a lot of in put for info on this drain.

I told Cecil that at this point I really was interested in performing the exam and not to get into the controversial stuff at this time, but I had no objection to talking to Ken Henley.

being first duly sworn,

deposes and says: The property at 21733 Apricot Lane, Caldwell, Idaho, 83605 was homesteaded by my grandmother, Nora M.(Wheeler) Wright, Billingsley, in 1906.

My father and mother, Floyd F. Hubler and Laura F. (Wright) Hubler bought this property in 1930. Than sold it to J. L. Horracc and Ruby A. Horracc in 1949.

Ruby A. Horracc still owns $\frac{1}{2}$ and J.L.Horracc's $\frac{1}{2}$ is in a living Trust.

I was born Feb. 3, 1930, my parents, Floyd F. and Laura F. Hubler were living on this property at that time. My father farmed this property, and I helped him irrigate it until I was 19 years old in 1949. We took water from the Isham Drain in two places and irrigated the rest from the springs that were on the place.

Re: Claim No(s). A63-04053

A63-04828

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is NOT to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority be submitted at this time.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area are now being conducted by Department personnel. Please contact this office as soon as possible to schedule a field exam appointment convenient for you.

The required evidence supporting the priority date(s) must be submitted by September 1 1995, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the Western Region office shown above.
