To whom it concerns:

Water was used for commercial use, dust abatement, from the above water rights and streams in 1952 and probably earlier.

William Kerby, one of the former partners with J.I. Morgan Logging in New Meadows, Idaho, confirmed that one of the first jobs he had when he started work for Morgan in 1952, was watering roads for dust abatement. The truck used held 4000 gallons and would do up to 15 loads per day, or 60,000 gallons. Various operations would use between 3 and 15 loads per day, depending on location and distance to the main highway. Said water was removed from various points of diversion from one or more of the above streams on a daily basis for 1 to 4.5 months, from the middle of June through the end of October, depending on the weather.

Claus White Sr., another former J.I. Morgan partner, confirmed this.

Other operators were also working in this basin and doing dust abatement. There have been between 1 and 5 logging operations in this basin every year since 1952. Present operations average between 3 and 12 loads per day for duration of up to 4 months.

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

Type of use

2. Describe the changes you wish to make in the proposed recommendation:

Need to add commercial use.

3. Give a brief explanation as to why you disagree with these portions:

These streams were used of road dust abatement starting in the late 1940's or early 1950's.

☒ I AGREE with this proposed recommendation: no changes need to be made.

Renumbered to Notice of Claim to a Water Right No. A78-04298A.

Boise Cascade Corp
PO BOX 50
Boise ID 83707

Dear Claimant:

We have received and processed a Change of Ownership for a portion of your original Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by adding alpha suffixes to represent each split.

Each split contains only the portion of the original right for each separate owner. The above referenced new claim number reflects your remaining portion of the original claim after the change of ownership.

Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office.

If you have any questions concerning this ownership change or the enclosed claim copy, please feel free to contact this office.

Sincerely,

Ron Howerton
