	)	WATER RIGHT

This form is used to report the stipulated elements of one water right acquired under state law and/or one federal reserved water right. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; that they have been served with sufficient process, according to the law; and that they have appeared, prosecuted, and defended their positions with regard to this water right dispute.

While this water right was previously decreed on February 2, 2010, the water right holder and IDWR agree that the partial decree for 75-19H should be corrected to describe the POD in the SWNW consistent with the attached recommendation. The parties and IDWR have further indicated their concurrence by initialing each of the attached pages.
