Re: Permit No. 14466
(New No. 78-2023)

Dear Sir:

This is a follow-up to my letter of January 22, 1971. I am now informed by the Branstetter family that the water right in question was never flumed across the Salmon River and does not belong to the Circle C Ranch. This water right was by actual usage transferred to the Branstetter land and has been used for many years on the Branstetter land.

Would your Department prefer that this water right be by constitutional prior appropriation or that the Branstetter family reduce the permit to a license? If it is the latter, please consider this as a request for an extension of time to prove up on the permit after the weather breaks, so that we and your Department can determine the extent and usage of the right upon physical examination.

Sincerely yours,

MEMEORANDUM

Date: March 13, 2002

From: Craig L. Saxton

Subject: Request for C/O for 78-02037, 78-04006A, 78-04006B, 78-04072C, 78-04288, 78-04275, and 78-10235

Action taken regarding C/O for the above referenced rights:

✓ 78-02037, 78-04288, 78-10235

Instead of splitting right – Just add C.H. Properties LLC to the current owner list. Leave Donald or Sotera Branstetter as claimants.

78-04006A and 78-04006B:

Cannot change ownership on right – No chain of title. However, notes made to show that portion of this right delivered previously to Donald or Sotera Branstetter is now owned by C.H. Properties LLC.

*Letter needs to be sent to C.H. Properties LLC indicating that the change of ownership is recorded in the file.

✓ 78-04072C:

Split right giving C.H. Properties LLC: 54 acres, 0.46 cfs, 0.02 for stock totaling 0.46 cfs.
Donald or Sotera Branstetter: 5 acres, 0.04 cfs, 0.02 cfs for stock totaling 0.04 cfs.

* Needs split.

✓ 78-04275:

Supplied deed indicates that C.H. Properties LLC retained 4.5 inches from Donald or Sotera Branstetter's original 1.6%. I don't know what the original 1.6% amounted to in inches.

Memo goes in file to indicate partial ownership of the right, but cannot change the name on the SRBA claim since there is no chain of title from Granite Twin Lake Water Users to C.H. Properties LLC.

*No further action needs taken at this time.

Re: Notice of Claim to a Water Right No. 78-2037, 78-4288 & 78-10235

Dear Claimant(s):

Enclosed is a copy of the above referenced claim(s), which reflects the necessary name changes for the land and appurtenant water rights, covered under the original filing.

The Department will contact you in the future concerning any requirements that may be needed in order to process these claims for final court decree.

At this time, we are unable to change the ownership on claim numbers 78-4006A and 78-04006B. The Warranty Deed submitted indicates a property transfer from Donald Leroy and Sotera Branstetter into your names. However, these particular claims, are in the name of Goose Lake Reservoir Co. We are also not able to change claim number 78-4275 at this time, due to the same reason. This claim is still in the name of Granite Twin Lakes Water Users.

If you have additional information for this property transfer, such as a chain of title, or tax notice in your name(s) which includes a description of the property by $\frac{1}{4}$ Section, Township and Range covered on these claims, we may be able to complete these ownership changes.

Thank you for your patience and cooperation, as we have had several water right changes to process. If you have any questions concerning the enclosed claim, please feel free to contact this office.

Sincerely,

Adjudication Section

Dear Nita:

Enclosed are copies of all the claims to be changed per our phone conversation yesterday. Also enclosed are copies of Claim No's. A78-04006A, A78-04006B, A78-04275 and A78-04288 per your request. Following is a list of the enclosed claims showing the changes made to each:

Claim No. A78-02037 - Changed addresses to correspond with each claimant's own address.

Claim No. A78-10235 - Changed addresses to correspond with each claimant's own addresses and changed the total quantity diverted to 1.6 cfs.

Claim No. A78-04072D - Changed Basis of Claim from Beneficial Use to Statutory Claim.

Claim No. A78-10240 - Added in NW 1/4 NW 1/4 NW 1/4 and Government Lot 4. It had previously shown only the NW 1/4 NW 1/4.

Claim No's. A78-02027A, A78-02028A, A78-10234 and A78-10236 - Changed Remarks on A78-02027A, A78-02028A, and A78-10234 by taking out the portion on flood water since none of these three rights are for flood water. Then listed the restriction on the quantity to .56 cfs for all three rights per the agreement among yourself and Melvin and Alice Branstetter. Mentioned the exchange agreement you have with the Campbells and Carries. Then on A78-10234 I put in that this claim was filed for the additional 5 acres developed after the licenses were issued for A78-02027A and A78-02028A. Then, on Claim No. A78-10236 I changed the Remarks to reflect that this was a flood right only and that the .56 cfs limitation is not on this right since 1" per acre can be diverted during the flood season. The amount of water was changed to reflect the 1" per acre for 34 acres and .68 cfs. On the other three claims I changed the total cfs to equal that listed for irrigation and listed all the water rights from Four-Mile, Goose Creek and Twin Lake on each one under Item No. 13, Other Rights Used.

MICROFILMED

OCT 05 1992

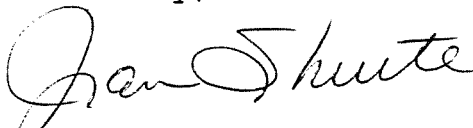

Claim No's. A78-02027B, A78-02028B, A78-10233 and A78-10237 - Changed Remarks on A78-02027B, A78-02028B and A78-10233 by taking out the portion on flood water since none of these three rights are for flood water. Then I listed the restriction on the quantity to 2.14 cfs for all three rights per the agreement among yourself and Melvin and Alice Branstetter. Mentioned the exchange agreement you have with the Campbells and Carries. For Claim No. A78-10233 I changed the quantity back to 2.14 cfs per your agreement and put in Remarks that this claim covered the additional 21 acres developed after the licenses were issued for A78-02027B and A78-02028B. Alice and Melvin will have to sign the amended claim for this right, before it is official. On Claim No. A78-10237 I changed the Remarks to reflect that this was a flood right only and that the 2.14 cfs limitation is not on this right since 1" per acre can be diverted during the flood season. On all of the rights I listed all water rights from Four-Mile, Goose Creek, and Twin Lake under Item No. 13, Other Rights Used.

Please sign and notarize Claim No's. A78-02027A, A78-02028A, A78-10234 and A78-10236 and return the signed claims to me. I have enclosed two copies of these claims, one copy for your records and one copy to be signed and returned.

I will be sending a copy of Claim No's. A78-02037 and A78-10235 to all claimants listed so they can have a current copy. Those changes do not require signatures. Alice and Melvin Branstetter's claims will be sent to them for signatures with a letter specifying why the changes were made.

If you have any problems with these changes, please let me know.

Re: Permit No. 14466

Mr. WALTER BRANDT
New Meadows, Idaho

Dear Sir:

Replying to your letter of February 29th, would say that the certificate of C. L. D. O. 1111 was issued on the above numbered permit January 2nd, 1925, showing that the diversion works were completed December 22nd, 1924. Proof of the application of water to 1111 1111 was not made until 1925, and to date this proof has not been offered. You stated in your letter that you have the certificate of C. L. D. O. 1111 on permit No. 14466, dated November 3rd, 1925. However, November 3rd, 1925 was the date of first receipt of this application in the plant of diversion.

Again referring to your proof of application of water at present time, your license will be issued with the date of priority passed forward an amount of time equal to the time elapsing between the date when application was made and the date when it is actually made.

Very truly yours,

Dear Mr. Schiller:

We are enclosing a copy of permit no. 14466/78-2023 and a claim to a water right form. In as much as the characteristics of this water right were modified under constitutional provisions and not by amendments to the permit, it would probably be better to proceed with a claim to a water right under Section 42-225a of the Idaho Code.

We still have a problem should beneficial use proof be submitted at this time, in as much as the priority proposed of November 13, 1919 would be reduced the exact number of days proof of beneficial use was late. This would mean an almost current priority when apparently they are entitled to a better priority under the Constitution.

If we can assist you further, please contact us.

Dear Sir:

This is a follow-up to my letter of January 22, 1971. I am now informed by the Branstetter family that the water right in question was never flumed across the Salmon River and does not belong to the Circle C Ranch. This water right was by actual usage transferred to the Branstetter land and has been used for many years on the Branstetter land.

Would your Department prefer that this water right be by constitutional prior appropriation or that the Branstetter family reduce the permit to a license? If it is the latter, please consider this as a request for an extension of time to prove up on the permit after the weather breaks, so that we and your Department can determine the extent and usage of the right upon physical examination.

Sincerely yours,

SCHILLER, WILLIAMS & TRABERT

Re: Permit No. 14466
(New No. 78-2023)

Dear Sir:

Enclosed you will find a copy of your letter to Mr. Wm. Branstetter. Mr. Branstetter is dead. Also, a copy was sent to Mr. Ward Branstetter, and he is dead. His wife is present while I am dictating this letter.

According to Mrs. Branstetter, the works were completed many years ago and the water right well qualifies under the constitutional doctrine of prior appropriation. The property in question has been sold by the Branstetter family, and we understand that it has transferred title several times since. The present owner is the Circle C Ranch at New Meadows.

Therefore, we suggest that you contact them. However, we are basing this information upon a telephone conversation that Mrs. Branstetter had with your office. As we understand it the right in question on the permit in question is water out of Goose Creek, through the Campbell Ditch down to the Six Mile Creek, and then out of Six Mile Creek by a small ditch and flumed across the Little Salmon River.

Would you please verify that this is the water right in question.

Sincerely yours,
SCHILLER, WILLIAMS & TRABERT

James E. Schiller
