1. My name is Randy Hillman.
2. Ralph Hillman, who owned water right 31-7239, was my father.
3. I am familiar with these water rights and the ground they irrigate because I grew up on the farm and have farmed it my whole life.
4. The ground to which these water rights appertain was not watered until we applied these water rights to that ground.
5. During the fall of 1984, we put in pumps to divert the ground water. Although I cannot remember the exact date of when we drilled the wells, I know that we drilled the wells prior to the summer of 1984, because I remember that the wells were already drilled before we put the pumps in.

6. After the potato harvest in 1984, we planted winter wheat on the ground to which these water rights appertain.

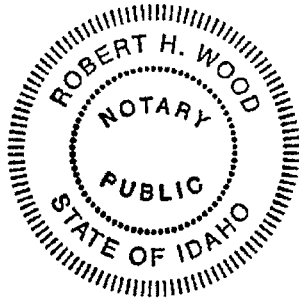

7. I remember that we watered the winter wheat from the middle of October to the end of October or beginning of November to get the water necessary to get the wheat up out of the ground.

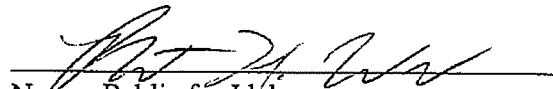

8. Even though we did not prove our right up with the Department of Water Resources. until June of 1985, we put these water rights to beneficial use in early October of 1984.

DATED this 15<sup>th</sup> day of June, 2011.
