Re: Original Notice of Claim to a Water Right No. A78-10772

Renumbered to Notice of Claim to a Water Right No. 78-12122

Dear Claimant:

We have received and processed a Change of Ownership for a portion of your original Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by adding alpha suffixes to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new claim number reflects your remaining portion of the original claim after the change of ownership. Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office. Also enclosed is a copy of the original claim for your reference.

If you have any questions concerning this ownership change, or the enclosed claim copy, please feel free to contact this office.

Sincerely,

A handwritten signature in cursive script that reads "Denise Buffington".
