Re: Original Notice of Claim to a Water Right No. 78-00202

Renumbered to Notice of Claim to a Water Right No. 78-12149

Dear Claimants:

We have received and processed a Change of Ownership for a portion of your original Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by issuing a new water right number to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new water right number reflects your remaining portion of the original claim after the change of ownership. Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office. Also enclosed is a copy of the original claim for your reference.

The other water right claims involved with this ownership change are completed and numbered as follows: Original claim number 78-00203 renumbered to 78-12151; Original claim number 78-00204 renumbered to 78-12153; and Original claim number 78-00205 renumbered to 78-12155.

If you have any questions concerning this ownership change, or the enclosed claim copy, please feel free to contact this office.

Sincerely,

A handwritten signature in cursive script that reads "Denise Buffington".
