**Table Notes:**

- Items with an asterisk (\*) indicate additional splits are needed. Current land owners should file changes of water right ownership with IDWR. Fees n/a for changes of ownership of pending SRBA Claims.
- Raney did not claim his portion of 78-215 or 78-4287 in SRBA. But he did file beneficial use Claim 78-10172 for “floodwater” covering 100 acres also listed in SWSW, SESW & SWSE Section 29 place of use of 78-4287. New owners of land listed in 78-10172 should also file changes of ownership with IDWR.
- Tassano does not own any of the irrigated land currently described by claims in the table. Changes in ownership should correct the table to replace Tassano with some combination of Blanksma (Weitz), Craig and Thornton.

## MEMORANDUM

Date: January 29, 2002

From: Craig L. Saxton

Subject: Goose Creek Issue

78-00215, 78-00216, 78-00217

Determining the Decreed POU. The decree states that rights were decreed at 0.8 inches per acre. The three rights in question were decreed for a total of 146.4 inches on the same POU. From the above data it was interpreted that the intention of the decreed rights were to irrigate 183 acres.

Taxlot information was used to determine who owned property within the decreed POU. The total irrigatable acreage was determined to be less than originally decreed at 166.8 acres.

The diversion rate was divided proportionally at 0.8 inches per acre according to the number of acres owned by each party within the decreed POU. Surplus diversion rate was divided proportionately among involved parties.

My determination of water right splits did not take into account accomplished transfers or enlargement of the right.

78-04287

The same method as above was used to determine split ownership of this claim. However, the file does not contain priority evidence and has not been determined to be a valid water right at this time.

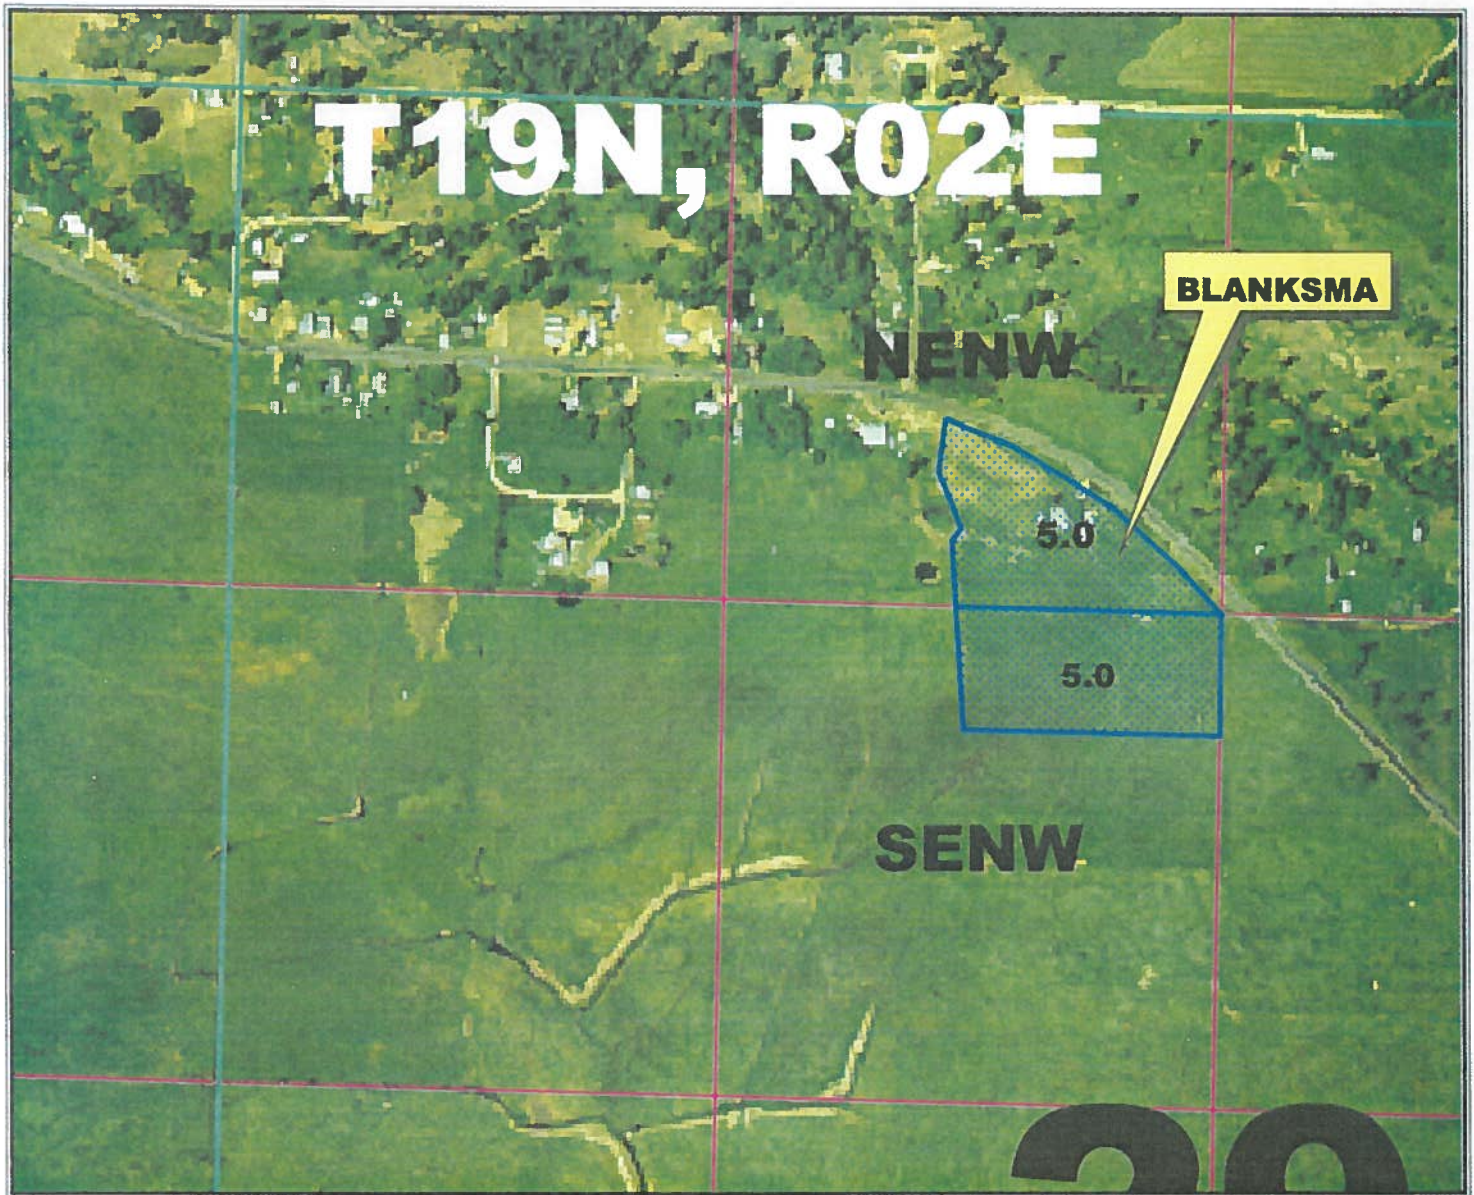

4<sup>th</sup> page summarizes Blankenship  
split from Tassano claims.

Craig S. knows this stuff  
very well.

Dear Claimant(s):

We have received and processed a Change of Ownership for a portion of the original Claim to a Water Right Number(s) as referenced above. This Change of Ownership required a split of the original claim resulting in renumbering this claim, using a new water right number to represent each split. The new Notice of Claim to a Water Right number for your portion is referenced above and a copy is enclosed.

Your portion of this claim has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form. If you do not plan on changing any items on your claim, then no further action is required at this time.

Re: Original Notice of Claim to a Water Right No. 78-00215

Renumbered to Notice of Claim to a Water Right No. 78-12134

Dear Claimants:

We have received and processed a Change of Ownership for a portion of your original Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by issuing a new water right number to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new claim number reflects your remaining portion of the original claim after the change of ownership. Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office. Also enclosed is a copy of the original claim for your reference.

Also enclosed are the other water right numbers involved in this ownership change, renumbered as follows: 78-00216A renumbered to 78-12139; 78-00217A renumbered to 78-12142; and 78-04287 renumbered to 78-12145.

If you have any questions concerning this ownership change, or the enclosed claim copy, please feel free to contact this office.

Sincerely,
