RE: Ranch Property
Spring Water

ATTN: _____

MEMO: Re: Pasture Water

I am responding to your question regarding the spring water situated on your 40 acre parcel. As you are aware, your property was part of the 160 acres that my grandfather farmed beginning in 1960 and was considered the lower pasture. The property has been farmed in our family continually since that time. The water that you are referring to has been used for irrigation of the lower pasture from the beginning. In fact, my grandfather won the Grassland Award in the early 1960's due in part to his water management of this property.

If you should have further questions, don't hesitate to call.

Sincerely,

FROM: David K. Johnson

I am filing a Notice of Claim to a Water Right for two small springs on our irrigated property. They have always been used for stockwater/irrigation purposes, at the same time as our other water right Identity Number #78-12213, but were never filed on to our knowledge.

Our Water Right Identity Number #78-12213 has a priority date of 7/01/1960. Please find the enclosed letter from David Johnson about the use of these springs.

We purchased this property July 31st, 2000.

If I haven't sent the right amount of money, (assuming these can go along with the older water right) please let me know.

If you have any other questions, or if I can help you in any way, you can contact me at (208)-347-2436.

Thank you!
