RE: Snake River Basin Adjudication (SRBA) Claim Nos. 78-173A, 78-196A, 78-197A, 78-198A, 78-199A, 78-4068A and 78-10105

Dear Claimant:

We are processing the change of ownership you submitted for the land you purchased from Darrel L. and Donna Marie Campbell near New Meadows, Idaho. You state that you are to receive 0.46 cfs of water right 78-196A. However, the Campbells filed their SRBA claims to cover all of the land they owned in the NE ¼ of Section 13, thereby making each water right claimed appurtenant to all of their land. The copy of the warranty deed we received with your change of ownership does not describe any distribution of the water rights; therefore, we must split each right claimed by the Campbells. This will result in you receiving 90% of the water from each of the rights they claimed, since you purchased 90% of the claimed place of use.

Also, SRBA Claim No. 78-10105 was claimed for the use of wastewater on Campbell's land. This claim is based on beneficial use rather than a license or decree, and therefore we are in need of some evidence of the priority date and historical use of the wastewater before we can make a recommendation to the SRBA Court for that claim. I have enclosed a pamphlet that explains what is required to support a priority date for a beneficial use water right. Please submit the evidence of the wastewater use to this office and to my attention by February 3, 2006.

If you have any questions, you may contact me by phone at (208) 287-4917, or you may send an email to Carter.Fritschle@idwr.idaho.gov.

Sincerely,

A handwritten signature in black ink, reading 'Carter Fritschle', written in a cursive style.
