Re: Unclaimed Decreed Water Rights

Dear Mr. and Mrs. Olson:

Thank you for promptly returning the completed forms for the Snake River Basin Adjudication (SRBA) Notices of Claim to a Water Right 78-12550 and 78-12251, and for marking the locations of the springs and irrigated acres on the map.

You mentioned that you have discovered old ditches on the north side of Martin Creek. All of the information that we have on the historic use of water right 78-4129 indicates it was used only on the south side of Martin Creek. (Claim no. 78-12213 is your portion of water right 78-4129.) However, we do have on record two water rights (78-0269 and 78-0270) that were decreed to the Southeast ¼ of Section 31 that have not been claimed in the SRBA. Since you purchased one-fourth of the Southeast ¼ of Section 31, you may be entitled to one-fourth of the water decreed to that parcel of land in the Circle C Ranch v. James and Sadie Anderson Decree. This may be the water that was historically used on the north side of Martin Creek, as evidenced by the old ditches you have discovered, or even used in combination with water right 78-4129 on both sides of Martin Creek. I have enclosed a copy of the decree and two blank claim forms you may use if you wish to file claims on the portions of these two rights that are appurtenant to your land. The filing fee is \$50.00 per claim and \$1.00 for each additional acre claimed.

If you have questions not covered by this letter or the enclosed pamphlet, please contact at (208) 287-4917 or send an email to Carter.Fritschle@idwr.idaho.gov.

Sincerely,

Carter Fritschle
