Dear Sir,

In answer to your letter calling for a report on the Conyers place will submit the following,

Double box frame house, 32 x 24 ft.
1 1/2 stories high, 6 rooms downstairs, 1 apt upstairs, cellar under house 10 x 12 ft.
small chicken house. 160 acres fenced with 3 wire fence, posts 16 ft. apart, fence has been constructed 3 years, and is in good condition, about 4 acres plowed for garden &c, 2 acres of alfalfa, which last year cut 8 ton hay. small orchard of 48 trees of mixed variety. Mr. Conyers on March 16th 1907 sold all of said improvements to John Silvers of Pollock. for the sum of \$100.00, one hundred and fifty dollars. taking a note for same.

The Forester,
Forest Service,
Washington, D.C.

Dear Sir:-

On March 15 I wrote you regarding land applied for by J. C. Conyers of Pollock and recommended the land - NE-1/4 Sec. 1, T. 23 N., R. 1 W.- be withdrawn for Ranger Station, and that Mr. Conyers be paid for his improvements.

I enclose a letter from Assistant Ranger Johnson describing the improvements and informing me of the sale of the improvements to Mr. John Silvers for \$150. I will recommend the Forest Service buy these improvements for not to exceed \$250, less if we can get them for less.

Very truly yours,

J. B. Lafferty
Forest Supervisor.

SILVERS RANGER STATION.

Date of Withdrawal, April 8, 1907.

Gross Area, 160 Acres.

Present condition.

7 Acres under cultivation.
153 Acres of open pasture land.
Entire area open.
No Timber.

After Clearing, of rocks only.
10 Acres of cultivatable land, including the seven
acres now in cultivation.
150 Acres of open pasture land.
No waste land.
No Timber.

This Station has been used since its withdrawal as
District Headquarters and should be retained as such
for it is the only practicable headquarters site for
this District.

The amount of forage raised last year was four tons
of alfalfa and clover hay and a very good garden
the hay was fed to the Rangers horses.

Water.

The water supply for domestic and irrigation purposes
is obtained from Shingle Creek, a small stream which
traverses across one corner of the Station.

Improvements.

The improvements consist of an eight room house with
two cellars, a large barn and chicken house, the
Station is fenced on the exterior boundaries with a
good substantial three wire fence and near the
southwest corner of this station there is two cross
fences each is three wires either of these fences is
75 rods in length there is also a small five acre
tract fenced with three wires making a total of
2.6 miles of three wire fence on the tract, including
a four pole fence around the house and orchard which
is 40 rods in length.

Silvers Ranger Station, # 2 #

There is a very nice orchard on the Station of 41 bearing trees and a number of young apple trees, an irrigation ditch completed which is approximately 80 rods in length.

The lumber is on the ground for the building of a Tool House 14' x 18' this will be built as fast as the opportunity affords.

No portion of this Station has ever been applied for under the Act of June 11, 1906.

Dear Sir:

In reply to your letter of April 7:

Before the matter of the purchase of the improvements on northeast quarter Section 1, Township 23 north, Range 1 west, can be taken up, it is necessary that you submit definite recommendations, giving the exact amount to be paid Mr. John Silvers for these improvements. This is necessary as an exigency letter must be prepared in this office, giving the exact amount to be expended in this purchase. Before making your recommendations please ascertain whether Mr. John Silvers has the right to convey these improvements.

Very truly yours,

Dear Sir,

I have today seen Mr. John Silvers in regards to the improvements on the N.E. 1/4, Sec 1, T 23 N. R. 1. W. and the best figure he will take for them is two hundred dollars. (\$200.00) and they are easily worth double the money for he has put in a crop of grain, about 1 1/2 acres, and a large garden of all kinds of vegetables, also he conveys with the other improvements before mentioned a fairly good cookstove, and a first class heating stove, also a smaller heating stove, and some cooking utensils. he has also gone over the fence and repaired it wherever necessary. If we could get this place I don't think it would be necessary to fence the 40 acs. where I am

But if you can get this place for me I would be very nicely fixed and comfortable. I hope to hear from you soon in regard to the matter. Dear Sir:-

I am sending you herewith map and description of the diversion of the water that is used on Silvers Station.

I am in some doubt as to whether I have made it out in the proper form or not, but I believe that I have covered all the points in the case.

It may appear as though one cubic foot of water per second will be a large amount, but owing to the character of the soil I don't think that it will be too much, and besides it is well to have plenty than to take the chance of running short at some future time.

Very truly yours,

THEODORE ROOSEVELT

By the President:

ELIHU ROOT
Secretary of State.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

May 10, 1906.

A PROCLAMATION.

WHEREAS, the Weiser Forest Reserve, in the State of Idaho, was established by proclamation dated May twenty-fifth, nineteen hundred and five;

Weiser Forest Reserve, Idaho.
Preamble.
Act, p. 3055.
Post, p. 3204.
Vol. 30, p. 30.

And whereas, it is provided by the Act of Congress, approved June fourth, eighteen hundred and ninety-seven, entitled, "An act making appropriations for sundry civil expenses of the Government for the fiscal year ending June thirtieth, eighteen hundred and ninety-eight, and for other purposes", that "The President is hereby authorized at any time to modify any Executive order that has been or may hereafter be made establishing any forest reserve, and by such modification may reduce the area or change the boundary lines of such reserve, or may vacate altogether any order creating such reserve";

And whereas, it appears that the public good would be promoted by adding to the said forest reserve certain lands, within the State of Idaho, which are in part covered with timber;

Now, therefore, I, Theodore Roosevelt, President of the United States of America, by virtue of the power in me vested by the aforesaid act of Congress, approved June fourth, eighteen hundred and ninety-seven, do proclaim that the aforesaid Weiser Forest Reserve is hereby enlarged to include the said additional lands, and that the boundaries of the reserve are, accordingly, now as shown on the diagram forming a part hereof;

Forest reserve, Idaho, enlarged.

Excepting from the force and effect of this proclamation all lands which may have been, prior to the date hereof, embraced in any legal entry or covered by any lawful filing duly of record in the proper United States Land Office, or upon which any valid settlement has been made pursuant to law, and the statutory period within which to make entry or filing of record has not expired: *Provided*, that this exception shall not continue to apply to any particular tract of land unless the entryman, settler, or claimant continues to comply with the law under which the entry, filing, or settlement was made.

Lands excepted.

Warning is hereby expressly given to all persons not to make settlement upon the lands reserved by this proclamation.

Reserved from settlement.

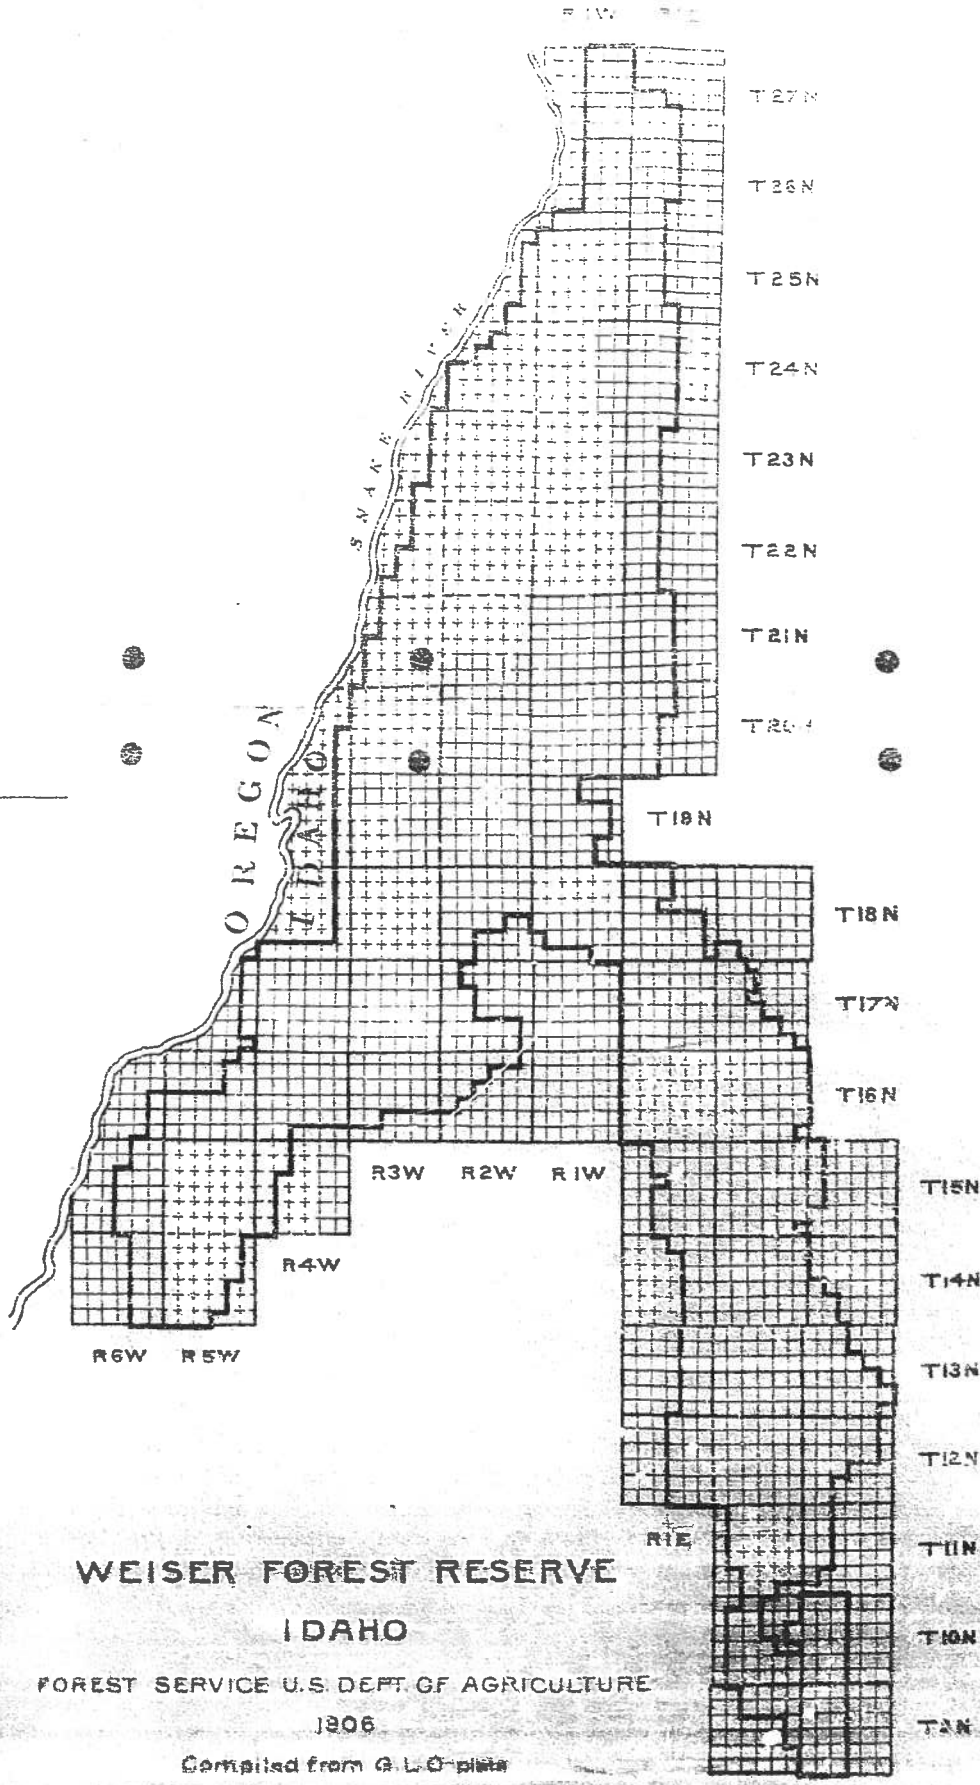

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this 10th day of May, in the year of our Lord one thousand nine hundred and six, and of the Independence of the United States the one hundred and thirtieth.
