Dear Mrs. Willsey:

Thank you for your letter of March 12, 1988. I apologize for the delay in answering your letter. I hope we can provide you with the answers you seek.

Our mailing list was compiled from several sources, which is why you received three separate notices of commencement. In checking our files, we found one water right #78-7041, in the name of Willsey in Adams County. I have enclosed a copy of the water right license that we do have on file. If you feel that you do have more than one water right in Adams County, please contact us and we will try to help you.

I have enclosed two copies of a claim form prepared from this license. I have also enclosed an information booklet. You may wish to sign this claim after adding any additional information you feel is appropriate, have it notarized, and return one of the signed and notarized claims to us. To claim the water right represented by license #78-7041, the fee would be \$55.00. Please enclose that amount with the completed claim form you return to us. Your claim is not valid without the fees. The filing deadline in Adams County is June 8, 1988.

If you will be back in Idaho prior to the filing deadline, perhaps you would prefer to talk to one of our claims people and file your claim in person. I am certain that they will be able to answer any questions that you might have.

If this office can be of any further help, please do not hesitate to contact us.

Sincerely,

Dena Billups
