RE: 92-10657

Dear Mr. Powell:

We are returning your Notice of Claim. The date of priority is listed as March 17, 2008. When a new diversion of surface water is started after May 20, 1971, an appropriation permit had to be obtained first. The date of priority is the date the water was first used regardless of who owned the property. If the priority date of your claim is incorrect then change the date and return the claim. If the water was first used after May 20, 1971, then you need to file an application to secure water rights.

Sincerely,
