To Whom It May Concern:

In regards to the three ponds on Denny Land LLC property our records do not go back far enough to document when the ponds were constructed. We have located aerial photography that was taken August 31, 1958 that we have provided to Mr. Denny and the ponds were on the property at that time. The ponds have been on the property in excess of 50 years.

Sincerely,

A handwritten signature in blue ink that reads "Tami Gauthier". The signature is stylized and cursive.
