We recently received a notice of recommendations for water rights for the Lawwill Trust Property, identified above, reference irrigation rights from the Little Salmon River. As we did not discern any change, we have no issues to address.

However, the notices go to the wrong address, causing a delay in our receipt. Presently, the notices go to: Mary C. Pribble, Donna M. Call, Marian E. Nakagawa, Merton R. Lawwill, and Anna L. Culmer, **c/o Carolyn Dunlap at 1909 Overland Rd., Boise, ID 83705.**

The recipients are the same, but please **change the address to:** Mary C. Pribble, *et al.*, 10163 Springdale Ct., Boise, ID 83704. Thank you.

Sincerely,

Mary C. Pribble

[Dear Wateruser(s):]

This office has reviewed the Notice of Change of Water Right Ownership form submitted to our office. However, due to the items checked below, we cannot continue to process this ownership change. We are returning the Notice of Change of Ownership to you to COMPLETE OR RESEARCH ONLY THE FOLLOWING ITEM(S) SHOWING A CHECKMARK IN THE BLANK FOR THAT ITEM(S). *See Page 2*

_____ There is no existing water right in our records either under the former owner's name or for the legal description given. If, after contacting the former owner, you find more information concerning a water right, please contact us.

_____ Legal description of property. Please complete showing the legal description by 1/41/4 (40-acre tract), section, township and range for the property changing ownership. If you only have a subdivision lot & block legal description, please send us a copy of your subdivision plat map.

_____ It appears you receive your water from an irrigation district, ditch company, municipality or community water company. If this is the case, then the water right remains in the name of this entity and you should contact them concerning the ownership change.

_____ Name and address of former owner (seller). This will clarify the original owner of the water right.

_____ Name, address and phone number of new owner (purchaser).

_____ This change in ownership appears to result in a splitting of the water right. A split of the water right occurs when the ownership change affects only a portion of the original right. In order to accurately split this right we must know what portion of the right was sold. The amount of water in CFS, the place of use by 1/4 1/4 with the number of acres in each 1/41/4 (if applicable) and the point of diversion by 1/41/4, Section, Township and Range is needed. If this right is not being split, please submit proof of ownership for the remaining portion.
Enclosed is a computer copy of this right for your review.

_____ Proof of ownership is needed. This proof can be a copy of the warranty deed, sales contract or tax assessment in your name which includes a description of this property by 1/41/4, Section, Township and Range.
