Dear Claimant(s):

This office has received your Notice of Claim(s) to a Water Right for the use of water within the Snake River Basin Water System. However, due to the item(s) checked below, we cannot process this claim(s). We are returning the claim to you along with your check number 304 in the amount of \$25.00 for the adjudication filing fee. The following items need to be corrected or added:

Item No. 2 & 3 - Priority Date and Source -An adjudication claim filed on a water use from a groundwater source with a priority date(date of first use) after March 25, 1963, for uses other than a single family domestic and/or stockwater use not exceeding 13,000 gallons per day, may be rejected at the time of review. The mandatory cutoff date for filing water rights on old uses from a groundwater source, other than the above exception, was March 25, 1963. The form to file for this use would be an application for permit. The adjudication claim can still be filed if you wish, however, you may run the risk of losing your water right if the claim is rejected. The application for permit would also protect your water right. Enclosed is an application for permit with instructions for your use in this matter. Please note that there is no deadline for filing applications, however, your priority date will be the date the application is received. See Permit Requirements on the Instructions for Filing sheet enclosed.

X

Item No. 2 & 3 - Priority Date and Source -An adjudication claim filed on a water use from a surface water source with a priority date(date of first use) after May 20, 1971, may be rejected at the time of review. The mandatory cutoff date for filing water rights on old uses from a surface water source, other than the above exception, was May 20, 1971. The form to file for this use would be an application for permit. The adjudication claim can still be filed if you wish, however, you may run the risk of losing your water right if the claim is rejected. The application for permit would also protect your water right. Enclosed is an application for permit with instructions for your use in this matter.

MICROFILMED
OCT 05 1992

Please note that there is no deadline for filing applications, however, your priority date will be the date the application is received. See Permit Requirements on the Instructions for Filing sheet enclosed.

Item No. 3 - Priority Date -If your water use has been developed after the date of commencement of the Snake River and tributaries Adjudication, November 19, 1987, no filing is required. It is your option to file if you would like. Please return the enclosed claim form and check if you still wish to file. If you do not file, your priority date will still be the date your well was first used.

Item No. 4 - Point of Diversion -The point of diversion listed on this claim is not in the correct form for legal descriptions. Diversion points must be listed by quarter-quarter(40 acre tract), section, township, and range. To aid you in locating your exact point of diversion, enclosed is a copy of the topographic map for your area. Please mark the location of the point of diversion on this map and then check the section grid also enclosed to see which quarter-quarter your diversion point is in. On a spring source, the point of diversion must be designated to the quarter-quarter-quarter(10 acre tract). Please return the map with your claim and fee.

Item No. 10 - Place of Use - The place of use listed on this claim is not in the correct form for legal descriptions. Places of use points must be listed by quarter-quarter(40 acre tract), section, township, and range. To aid you in locating your exact place of use, enclosed is a copy of the topographic map for your area. Please mark the location of the place of use on this map and then check the section grid also enclosed to see which quarter-quarter your place of use is in. Please return the map with your claim and fee.

Adjudication Claim Form No. 42-1409(2)a., needs to be filed instead of Claim Form No. 42-1409(2)b., due to the following reasons:

See enclosed instruction sheet under the _____ section. The fee schedule is also in the instructions sheet to help you figure the fee needed for filing this type of claim form.

MICROFILMED

OCT 05 1997

— An adjudication claim cannot be filed when no water use or development has taken place. An application for permit is the form to file at the time you decide to begin development. Claims are required only on development and uses completed prior to the commencement of the adjudication, November 19, 1987. Enclosed is an application for permit form with instructions to be completed at the time development will begin.

X Item No. 16 - Signature -this claim form requires your signature be affixed and notarized by a notary public. Note, the notary public signs below the signature blocks listed in this item.

X Other: Item #3 of claim must show tributary (either Sink or Stream (see instructions)).

Please complete the above item(s) on the enclosed claim form(s) and return the claim(s) to our office prior to the deadline date for filing adjudication claims in your county. If you are returning a claim form which was received in our office, with the fee, by the deadline for your county, then as long as the corrected claim and fee are returned within 30 days of the date of this letter, no late fee will be charged. If your deadline is upcoming, please try to return the corrected claim by that date. The deadline date for your county is 07-27-88.

Please feel free to contact this office if you have any questions concerning this letter.

Sincerely,

Dear Mr. and Mrs. Cocus:

We are returning your Notice of Claim to a Water Right for license numbers 78-7055 and 78-7184, as well as your check #289 in the amount of \$76.00. We have identified a problem with both claims.

On the claim referencing license number 78-7055, you have listed domestic, with one house and one guest building. The definition for domestic use is for a single family household under one ownership. Domestic use does not apply to a dwelling which is rented or operated as an income producing unit. If your guest house is rented or operated as an income producing unit, you will need to fill out another long form, (enclosed) and submit a fee of \$54.00, (\$50.00 filing fee and \$4.00 for the .04 cfs claimed), for this claim. If you feel that your property does qualify for the domestic definition, please explain at Item #9.

On the claim referencing license number 78-7184, at item # 8 on the second page, you have omitted the consumptive use you are claiming. Please fill in this blank and return to us.

If you have any questions, or if we can be of any help, please do not hesitate to contact this office.

Yours Truly,

Donald V. Shaff
Adjudication Section Supervisor
