Mr. David Haussler

HC 01 Box 2
Bayview, ID 83803

Dear Mr. Haussler:

Thanks for the information you provided during our telephone conversation on September 6th pertaining to water rights on your property. Enclosed are two brochures that may be useful to you. The North Idaho Adjudication (NIA) brochure provides general information. The NIA will not begin until additional public meetings are held and a commencement order is issued by an Idaho court. The second brochure describes the types of records that may be useful in establishing a priority date for a water right.

Please be advised that Section 42-248, Idaho Code, effective on July 1, 1996, requires you or the owner of water right(s) to maintain current ownership and address records on file with the Idaho Department of Water Resources (IDWR). I have enclosed change of ownership forms that you should complete and send to the IDWR Northern Regional office in Coeur d'Alene if you choose to complete the ownership change prior to the commencement of the NIA. Please review the line instructions carefully if you choose to complete the ownership change prior to the NIA.

Forms to file a change of ownership of a water right and/or a change in the address of a water right owner are available from any IDWR office. These forms are also available from the Department's web site on the Internet at <http://www.idwr.idaho.gov/>.

I can be reached at (208) 762.2816 or via e-mail at Shaun.Maxey@idwr.idaho.gov if you have any questions.

Respectfully,

Shaun M. Maxey

SPLIT TREE

CLAIMS 78-02064

AGENT: Ron Howerton

Date: 4/17/02

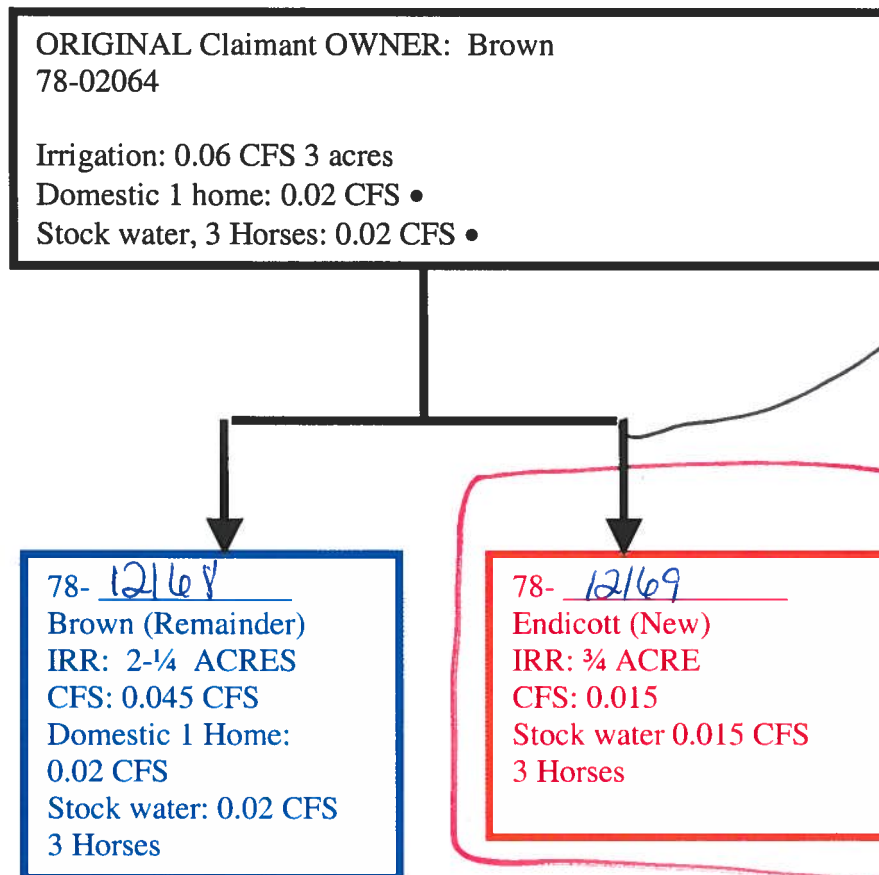

78- Brown 12168 = IRR FACTOR CFS @ 2- $\frac{1}{4}$ ACRES = 0.045 CFS

78- Endicott 12169 = IRR FACTOR CFS @ $\frac{3}{4}$ ACRES = 0.015 CFS = $\frac{1}{4}$ interest

TOTALS = 3 ACRES @ 0.06 CFS = 0.02 FACTOR

Irrigation: Chain of title shows Brown to Henske then Henske to Endicott, Exhibit "A" shows Endicott got $\frac{1}{4}$ interest = $(.25) (3) = .75$ acre = $\frac{3}{4}$ acre

- Domestic: She did not get the home, per conversation memo thus, stays in original Browns split.
- Stock water: May stay on both splits because ambiguous license did not define domestic purposes, but the total of the stock water splits must be de minimus amounts when the combined total stock is recommended.
- Ambiguous license: Did not clarify domestic use, which may include these claimed purposes, but these amounts are not additive they are only inclusive based upon the total prorated split of irrigation, these uses can be no more than the irrigation maximum split base amount.

Re: Original Notice of Claim to a Water Right No. 78-2064

Renumbered Notice of Claim to a Water Right No. 78-12169

Dear Claimants:

We have received and processed a Change of Ownership for a portion of the original Claim to a Water Right Number as referenced above. This Change of Ownership required a split of the original claim resulting in renumbering this claim, using a new water right number to represent each split. The new Notice of Claim to a Water Right number for your portion is referenced above and a copy is enclosed.

Your portion of this claim has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form. If you do not plan on changing any items on your claim, then no further action is required at this time. You will be notified of any future action taken on this claim.

I apologize for the delay in processing, as we have had several water right changes to complete.

Please feel free to contact this office if you have any questions concerning your claim or this letter.

Sincerely,

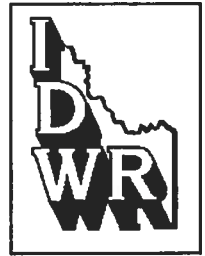

A handwritten signature in cursive script that reads "Denise Hatfield".

CONVERSATION MEMORANDUM

SUBJECT OWNERSHIP CHANGES
WITH Shawn Endicott
Claim/WR # 78-2064 / 78-10006
Agent: Ron Howerton
Date: 4-11-02

Shawn says portions of 78-2064 have been sold off from original owner Brown. They have provided chain of title from Brown to Huske to her (Endicott). The Irrigation right shows on Exhibit "A" where Huske got $\frac{1}{4}$ interest from Brown then they acquired the same property. $\frac{1}{4}$ interest = $\frac{3}{4}$ ACRE of irrigation. She said they didn't acquire either home covered in request of ownership change. (SEE ALSO NOTE by Sue Bock in her conversation with Shawn stating same) SEE SPLIT TREE DATED 4/12/02 for prorating the split of 78-2064. SPLIT PARCEL GIS Shape MAP IS MORE THAN $\frac{3}{4}$ ACRE AND THIS OK FOR SPLIT. -SEE ENDICOTT split claim MAP IN FILE... 78-10006 - SINCE Shawn said that neither home was home covered under those rights I advised her to file a SEPARATE claim for the Shered Spring. We now have a copy of her request to with draw 78-10006 AND A NEW claim 78-12163 has been filed in place of ownership change.

NOTE: no other owners have come forth with their prorated interest, it should be $\frac{1}{4}$ - $\frac{1}{4}$ & $\frac{1}{2}$ per Shawn - SEE MAP PROVIDED by her showing water easement in ownership INFO.

Ron

Shawn Endicott needs the ownership on these changed ASAP.

However she indicated to me that she does not own either domestic home that was served by these rights, but supposedly the owners "gave" her the water right.

I told her that we don't look at it that way.

Now she needs to know if either of her 2 acres are covered under the 3 acres licensed.

Thanks
Jee

P.S I'm giving these to you because you have the claims.
