Re: Original Notice of Claim to a Water Right No. 78-4020C

Renumbered Notice of Claim to a Water Right No. 78-12207

Dear Claimant(s):

We have received and processed a Change of Ownership for a portion of the original Claim to a Water Right Number as referenced above. This Change of Ownership required a split of the original claim resulting in renumbering this claim, using a new water right number to represent each split. The new Notice of Claim to a Water Right number for your portion is referenced above and a copy is enclosed.

Your portion of this claim has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form. If you do not plan on changing any items on your claim, then no further action is required at this time.

Please note that the enclosed Notice of Claim to a Water Right is not a determination of your water right. This claim represents a split of the claim filed by a previous owner during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

Thank you for your patience, as we have had several water right changes to process. Please feel free to contact this office if you have any questions concerning your claim or this letter.

Sincerely,

Adjudication Section

Renumbered to Notice of Claim to a Water Right No. A78-04020C

Donald or Selma Ann Eberle
PO Box 1091
McCall, ID 83638

Dear Mr. & Mrs. Eberle:

We have received and processed changes of ownership for portions of your original Claim to a Water Right number as referenced above. These changes of ownership resulted in splits of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by adding alpha suffixes to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new claim number reflects your remaining portion of the original claim after the changes of ownership. Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office.

If you have any questions concerning this ownership change, or the enclosed claim copy, please feel free to contact this office.

Sincerely,
