Note
back

Due to a reasonable assurance of proof in negotiations of well + equipment that are deep in the files of a company that bought out the company that installed our system in the spring of 1985, I am objecting to the ruling to not remove me from list B.

I also must seek the Courts time and mercy due to I.P.C. refusing to deliver power during this critical time period, that put us behind the 10/24/84 date. We would have clearly gone ahead earlier had we been granted power.
