Note. Aaron's son, Cody Wilson, was with me on this exam. However, he had been injured in an accident recently & did not go with me to POD's

I went to upper POD by following ditch & then following contour of land (After where ditch was washed out.)

From talking with Cody & discussing situation & map with him, I believe I was very near actual POD before wash out when I took the above GPS reading. However, I was in heavy brush & timber & did not have good satellite coverage.

With Cody's info, I circled where we thought old POD was on Top map.
