MOTION TO FILE AMENDED NOTICE OF CLAIM

MOTION TO FILE AN AMENDED NOTICE OF CLAIM

A *Motion to File and Amended Notice of Claim* may require a hearing before the Presiding Judge or Special Master or may be granted by leave of the court or by written consent of the parties and the Idaho Department of Water Resources. Leave to amend a claim shall be freely given when justice so requires.

X Fremont Madison Irrigation District must amend its Notice of Claim to the use of water in the SRBA because: This water right was transferred to the lands of the canals under Fremont Madison Irrigation District and due to the difficulty in measuring such a small percentage of the right to each of the approximate 48 individual canals, the Snake River Watermaster consistently delivered these natural flow rights as additional storage from 1942 through 1977 as described in this note from the 1943 Watermaster's Report: "The Sheridan Creek decree is a natural flow right that was originally appurtenant to lands now flooded by Island Park Reservoir. It was transferred to the lands within the Fremont-Madison Irrigation District but it is more convenient to include it as a storage right rather than to make some arbitrary distribution of it as a natural flow right among the District canals." This water should be recognized as an accomplished transfer of natural flow to the canal companies or specific canal canals companies within Fremont-Madison or as an accomplished transfer of storage to Fremont-Madison.

X I am providing legal and factual documentation to support my amended Notice of Claim. You must describe these documents and attach a readable copy.

The transfer was recorded in the records of Water District 01 by the water master. Said records are in possession of the Court.

I have attached:

X An Amended Notice of Claim (available from IDWR).

☐ Payment of the following additional fees required by IDWR:

X Fees have been paid when the claims were originally filed.
