RE: 45-10484, et al (Whittle High Water Storage)
Our File No.: 15999.100020

Dear Mr. Dolan:

We have been working with Nick Spencer on some issues in connection with the referenced matter.

As attorney for Oakley Canal Company we are seeking to have some conversation with the Bedkes and Mr. Whittle, and Scott Bedke as well, relative to an agreement between Oakley Canal Company and the water users.

We have not been able to finalize the Agreement because Bedkes have been involved in the fall harvest and that is the paramount consideration this time of year.

We would request that you move the date due for the IDWR to file its Amended Directors Report for at least sixty (60) days, which would allow the harvest to get completed and give the parties an opportunity to meet and discuss the issue.

If I should submit this matter in a different form, please let me know.

Very truly yours,
