TOGETHER WITH the rents, issues and profits thereof, **SUBJECT, HOWEVER,** to the right, power and authority hereinafter given to and conferred upon Beneficiary to collect and apply such rents, issues and profits,

For the Purpose of Securing payment of the Indebtedness evidenced by a promissory note, of even date herewith, executed by Grantor in the sum of Eighty-Nine Thousand and 00/100-----Dollars, (\$ 89,000.00),

final payment due June 1, 2019

and to secure payment of all such further sums as may hereafter be loaned or advanced by the Beneficiary herein to the Grantor herein, or any or either of them, while record owner of present interest, for any purpose, and of any notes, drafts or other instruments representing such further loans, advances or expenditures together with interest on all such sums at the rate therein provided. Provided, however, that the making of such further loans, advances or expenditures shall be optional with the Beneficiary, and provided, further, that it is the express intention of the parties to this Deed of Trust that it shall stand as continuing security until paid for all such advances together with interest thereon.

A. To protect the security of this Deed of Trust, Grantor agrees:

1. To keep said property in good condition and repair; not to remove or demolish any building thereon; to complete or restore promptly and in good and workmanlike manner any building which may be constructed, damaged or destroyed thereon and to pay when due all claims for labor performed and materials furnished therefor; to comply with all laws affecting said property or requiring any alterations or improvements to be made thereon; not to commit or permit waste thereof; not to commit, suffer or permit any act upon said property in violation of law; to cultivate, irrigate, fertilize, fumigate, prune and do all other acts which from the character or use of said property may be reasonably necessary, the specific enumerations herein not excluding the general.

2. To provide, maintain and deliver to Beneficiary fire insurance satisfactory to and with loss payable to Beneficiary. The amount collected under any fire or other insurance policy may be applied by Beneficiary upon any indebtedness secured hereby and in such order as Beneficiary may determine, or at option of Beneficiary the entire amount so collected or any part thereof may be released to Grantor. Such application or release shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

3. To appear in and defend any action or proceeding purporting to affect the security hereof of the rights or powers of Beneficiary or Trustee; and to pay all costs and expenses, including cost of evidence of title and attorney's fees in a reasonable sum, in any such action or proceeding in which Beneficiary or Trustee may appear.

4. To pay: at least ten days before delinquency all taxes and assessments affecting said property, when due, all encumbrances, charges and liens, with interest, on said property or any part thereof, which appear to be prior or superior hereto; all costs, fees and expenses of this Trust. In addition to the payments due in accordance with the terms of the note hereby secured the Grantor shall at the option, and on demand of the Beneficiary, pay each month 1/12 of the estimated annual taxes, assessments, insurance premiums, maintenance and other charges upon the property, nevertheless in trust for Grantor's use and benefit and for the payment by Beneficiary of any such items when due. Grantor's failure so to pay shall constitute a default under this trust.

5. To pay immediately and without demand all sums expended by Beneficiary or Trustee pursuant to the provisions hereof, with interest from date of expenditure at twelve per cent per annum.

6. Should Grantor fail to make any payment or to do any act as herein provided, then Beneficiary or Trustee, but without obligation so to do and without notice to or demand upon Grantor and without releasing Grantor from any obligation hereof, may: make or do the same in such manner and to such extent as either may deem necessary to protect the security hereof, Beneficiary or Trustee being authorized to enter upon said property for such purposes; appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; pay, purchase, contest or compromise any encumbrance, charge or lien which in the judgment of either appears to be prior or superior hereto; and, in exercising any such powers, or in enforcing this Deed of Trust by judicial foreclosure, pay necessary expenses, employ counsel and pay his reasonable fees.

B. It is mutually agreed that:

1. Any award of damages in connection with any condemnation for public use of or injury to said property or any part thereof is hereby assigned and shall be paid to Beneficiary who may apply or release such moneys received by him in the same manner and with the same effect as above provided for disposition of proceeds of fire or other insurance.

2. By accepting payment of any sum secured hereby after its due date, Beneficiary does not waive his right either to require prompt payment when due of all other sums so secured or to declare default for failure so to pay.

3. At any time or from time to time, without liability therefor and without notice, upon written request of Beneficiary and presentation of this Deed and said note for endorsement, and without affecting the personal liability of any person for payment of the indebtedness secured hereby, Trustee may: reconvey all or any part of said property; consent to the making of any map or plat thereof; join in granting any easement thereon; or join in any extension agreement or any agreement subordinating the lien or charge hereof.

4. Upon written request of Beneficiary stating that all sums secured hereby have been paid, and upon surrender of this Deed and said note to Trustee for cancellation and retention and upon payment of its fees, Trustee shall reconvey, without warranty, the property then held hereunder. The recitals in any reconveyance executed under this deed of trust of any matters or facts shall be conclusive proof of the truthfulness thereof. The grantee in such reconveyance may be described as "the person or persons legally entitled thereto."

5. As additional security, Grantor hereby gives to and confers upon Beneficiary the right, power and authority, during the continuance of these Trusts, to collect the rents, issues and profits of said property, reserving unto Grantor the right, prior to any default by Grantor in payment of any indebtedness secured hereby or in performance of any agreement hereunder, to collect and retain such rents, issues and profits as they become due and payable. Upon any such default, Beneficiary may at any time without notice, either in person, by agent, or by a receiver to be appointed by a court, and without regard to the adequacy of any security for the indebtedness hereby secured, enter upon and take possession of said property or any part thereof, in his own name sue for or otherwise collect such rents, issues and profits, including those past due and unpaid, and apply the same, less costs and expense of operation and collection, including reasonable attorney's fees, upon any indebtedness secured hereby, and in such order as Beneficiary may determine. The entering upon and taking possession of said property, the collection of such rents, issues and profits as Beneficiary may determine, shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

RE: Notice Claims to Water Rights

Stephen Hackler
5600 Hwy. 95
New Meadows, ID 83654

Dear Mr. Hackler:

Pursuant to our telephone conversations last week, I have sorted out the ownership questions I had in regard to the spring that you use. I want to apologize again for the delay in getting these claims straightened out.

Enclosed is a copy of Claim A78-04265F which covers your use of the spring for your store and cafe. Also enclosed is a listing of all the claims we have in our records that claim use of a spring located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 16, Twp. 22N, Rge. 1E.

I have also included Claim No. A78-04266B which is your portion of the claim Ellibeas had submitted for use of the Little Salmon River. Please note that this claim was submitted under a domestic use for irrigation of 1 acre. When we prepare our recommendations for A78-04266A (Ellibee) and A78-04266B we will be limited to recommending the combination of these two claims to 1/2 acre total since the use was submitted under a domestic filing. As I had mentioned on the phone, we had changed the ownership of this claim to Robert and Mary Schulz. Upon reviewing your warranty deed it was apparent that we had erred in doing that ownership change and I sent a letter to Mr. and Mrs. Schulz to explain the situation. I have enclosed a copy of that letter for your information.

Since we must have the claimant's signature to correct mailing addresses, I have partially completed a "Change in Address of Notice of Claim" form, to change your address on Claims A78-04265F and A78-04266B. Please sign this form where indicated and return it to our office.

Enclosed you will find copies of Claim Nos. A78-04061, A78-04062, and A78-04063. (These are the claims for the property you purchased from the Bartons.)

MICROFILMED
OCT 22 1996

I have also attached copies of all the original statutory claims to the Snake River Basin Adjudication (SRBA) claims pursuant to your request. I hope all this information helps resolve your questions in regard to your water rights. If we can be of any further assistance to you, please do not hesitate to contact our office.

Sincerely,

RE: Notice of Claims to Water Rights

Steven Hackler
5600 Hwy. 95
New Meadows, ID 83654

Dear Mr. Hackler:

Pursuant to our telephone conversation last Friday, enclosed you will find a "Notice of Change of Water Right Ownership" form to complete the ownership change on Claims A78-04061, A78-04062 and A78-04063. I have partially completed this form for your convenience.

Also enclosed are profile reports which describe the water rights on record for the Porters and McCurrys. The copies we had in our office were not very clear and these profile reports should serve the same purpose. The files did not contain any maps which would clearly identify which springs had been filed on.

If you wish to file on the springs for irrigation water, you may be required to submit an application for permit form, depending on when irrigation water from the springs was first used on the property. It is my understanding, through our telephone conversation, that you do not presently irrigate any land from the springs. Adjudication claims for surface water can be submitted for uses that have been in use since on or before May 20, 1971.

Please note that the area you are located in is under moratorium at this time. Moratorium status prevents approval of a new irrigation permit. Enclosed for your information is a copy of the moratorium order. We can accept applications for permit in this area, but cannot take any action on them until the moratorium has been lifted.

You also mentioned possibly claiming one of the rights previously filed by the Porters or McCurrys. If you were to do this, you would also need to file a transfer of that water right to change the place of use to your property and show that the water was no longer necessary for the uses originally recorded on those rights.

MICROFILMED
OCT 22 1996

I am enclosing a brochure entitled "Idaho Water Rights, A Primer" which is very informative in regard to all types of water rights. Once you read this brochure you may know which form is appropriate for your use. Please contact our office, either in writing or by telephone, for forms and/or further information in regard to filing on the springs for irrigation water.

Sincerely,
