In Re SRBA

Case No. 39576

) SECOND ORDER SETTING STATUS
) CONFERENCE REGARDING
) CORRECTION TO POINT OF
) DIVERSION

) SUBCASE NOS.: Exhibit A

A hearing regarding clerical errors in the subcases listed on Exhibit A was held on August 31, 2011. However, the previous *Order Setting Status Conference Regarding Correction to Point of Diversion* (August 12, 2011), inadvertently contained an error in the conference call-in number. Therefore, a second hearing will be held on September 28, 2011. No other changes were made to this *Order*.

The Idaho Department of Water Resources alerted the SRBA Court regarding clerical errors contained in the *Director's Reports* for 22 subcases in Basin 27. For all subcases, errors occurred in the description of the point of diversion ("POD") for each right. IDWR explained that the physical location of the POD has not changed, but the *Director's Report* descriptions name the wrong quarter-quarter and do not identify the correct lot number. The U.S. Bureau of Land Management has confirmed the legal description errors.

IDWR proposed to remedy the clerical error by substituting the correct legal description in place of the incorrect legal description. IDWR provided the court with the proposed changes, and the proposed changes are attached to this *Order*.

A second hearing on the proposed correction shall be held on September 28, 2011. All parties to these subcases shall carefully review the proposed changes and shall state on the record whether they agree with the changes. If the parties agree with the proposed changes, the court shall proceed with a *Special Master's Report and Recommendation* recommending these subcases consistent with the attached proposed changes.

Please be advised that Special Master Brigitte Bilyeu has set the following date in the above subcases:

September 28, 2011

2:30 p.m.

Location: Snake River Basin Adjudication
253 3rd Ave. North
