

I purchased The Elmer Martin farm-
stead in the year of 1968.

At this time he was running cattle
on this place. Creed water and
wells were used for stock water.

I continued to use same for this
purpose.

I then sold a portion of the
property to my daughter Bella &
her husband Neal Marvity.

Later they divorced and my daughter
Bella remarried Fred Hussey. They
purchased a additional land from me.

Bella and Fred now own approxmately
60 acres of the Martin Place.

They are raising quarter horses
on this property.

Ray Nickerson I have drilled wells
for the old farm house that I had Dick
my farm hand stayed in.

Ray Nickerson

Bella Fred father in law

Wells were drilled 1968-1972.
