10. Remarks I am in the process of developing Block 45, Golden Gate Add'n. into a mobile home park. Permit has been secured from City of Caldwell and their approval is of record.

On this property, there is an existing, very old well with a very small artesian flow. It has a 4" casing. It is very difficult to use decreed water to properly irrigate this mobile home park.

I have pumped the sand from the well and attached a 2 hp motor and pump. To the pump I have attached aluminum irrigation pipe and sprinklers. This works out beautifully to irrigate this park and I would like file on this underground water for permanent use.

11. Map of proposed project: show clearly the proposed point of diversion, place of use, section number, township and range number.

A grid map with a handwritten note and the number 22. The note, located in the upper right quadrant, reads: "Point of Diversion
Place of Use
See Attached Map". A small diamond symbol with an arrow points to the first line of the note. The number "22" is written in the center of the grid.
