RE: Notice of Change of Water Right Ownership Claim No. **A63-08567**

Dear Property Owner:

This office has reviewed the Notice of Change of Water Right Ownership you have submitted (enclosed), however, we are unable to complete this ownership change at this time. Our records indicate the place of use for the water right number you listed to be Township 04N, Range 05W, **Section 3**, NE $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$. The warranty deed submitted indicates the property is in Township 04N, Range 05W, **Section 4**, Lot 3 and SE $\frac{1}{4}$ NW $\frac{1}{4}$.

Our records indicate that Mr. Yamada is a current owner for property in Section 4 of the above listed Township and Range, however, that water right, A63-21128, is for Domestic use only.

If you have any further information regarding this property transfer, which confirms the correct legal description by $\frac{1}{4}$ $\frac{1}{4}$, Section, Township and Range, then we could complete the ownership change.

Please feel free to contact this office if you have any questions concerning this letter.

Sincerely,

Adjudication Section

RECEIVED

Department of Water Resources
Western Regional Office

Dear Mrs. Yamada:

I apologize for my slow response to your inquiry as to a refund for the variable fee (\$1.00 per acre, or \$74.00 for the 74 acres claimed) paid when you filed your claim to a water right in the SRBA. I have been periodically checking our computer records since you made your request in June of 1990. However, to this date, I have not found anything that would indicate the Wilder Irrigation District has paid the \$1.00 per acre variable fee for the lands within the irrigation district.

As we discussed in June, the department cannot make a refund of the variable fee to the individual who has claimed a water right within the irrigation district, until the irrigation district pays the variable fee. We will continue to check our records on a periodic basis to see if the irrigation district pays the variable fee. I suggest you complete the enclosed Request for Refund form so we have it on file to act upon when the irrigation district pays the variable fee.

To simplify our recordkeeping and avoid duplication of efforts, we have combined correspondence from this office with that of our Western Region Office, located at 2735 Airport Road, Boise, ID 83705. In the future, should you have any questions, please call that office, at 334-2190, and speak to Jan Shurte. Jan is fully aware of your concerns and will assure complete and thorough follow-up on your inquiry.

As I am frequently out of town, I feel your concerns will be better served if you communicate with our Western Region Office and Jan Shurte.

G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$$V_{I.R.} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = 74 \times 4.5 = 333 \text{ afa}$$

$$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = 1.48 \times 213 \times 1.9835 = 625.3$$

$$V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} = 333$$

2. Volume Calculations for Other Uses:

4. REMARKS AND OVERLAP REVIEW ANALYSIS

of 16" & 18" concrete ditches and approx 600' of buried concrete tile (12"). Siphon tubes are used for take out from the concrete ditches. All the land is currently being used to grow hops. The land in the SW 1/4 SW 1/4 Sec 3 T. 4N 3W is able to also receive water from this system. Water from this system is used when canal water is not sufficient for crops.
