WATER RESOURCES
WESTERN REGION

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source): **the property indicated on the aerial photo is incorrect and as a result the quantity of water is less than it should be.**
2. Describe the changes you wish to make in the proposed recommendation:
The land being irrigated should be changed to include the SW corner of the 80 acre parcel. This is approximately 5.75 acres according to the most recent survey of the property. Please see the attached copy of aerial photo showing correction.
3. Give a brief explanation as to why you disagree with these portions: Mr. Takasugi's original water right included the SW corner. He has not sold or transferred his rights thereto and it continues to be under irrigation pursuant to his water right.

I AGREE with this proposed recommendation: no changes need to be made.

Comment: The place of use for this right was licensed for 71 acres. Claimant only owns 62 total acres and some of that was not included on map showing place of use. Have prepared recommendation for all irrigated land that claimant owns but will cause a reduction in place of use from 71 acres to 58 acres which is more than 8% reduction in place of use. Have reduced rate and volume to go along with acreage reduction.

Dear Mr. Takasugi:

We have processed your Notices of Claim to Water Rights submitted in the Snake River Adjudication claims filing. Enclosed are the computer generated copies of these claims.

All claims were data entered as claimed except for Claim No. A63-10463. This claim was filed based on Permit No. 63-10463 (has now been licensed) and the place of use as listed under Item No. 10 on the claim appears to be incorrect. The map drawn on the claim shows the 86 acres of irrigation in the SW1/4 of Sec. 11, Twp. 3N, Rge. 4W. Also, the permit was filed on and issued for the 86 acres in the SW1/4, Sec. 11. However, the 86 acres on the claim under Item No. 10 are shown as lying within the NW1/4, Sec. 11. Since the map drawn on this claim shows the acres in the SW1/4 and the permit plus subsequent license shows the SW1/4, we have modified your claim to show the 86 acres on the 1/41/4's identified within the SW1/4, Sec. 11, Twp. 3N, Rge. 4W. Also enclosed is an aerial map of Section 11 outlining these acres within the SW1/4. If these acres are incorrectly located in the SW1/4, please contact us as soon as possible and the claim can be changed back. If we do not hear from you concerning this claim, we will assume all is correct as show.

Feel free to contact us if you have any questions concerning any of the claims enclosed. We will contact you in the future if any action is to be taken concerning these claims.

Sincerely,

A handwritten signature in cursive script that reads 'Jan Shurte'.
