CONVERSATION MEMORANDUM

**RE: Snake River Basin Adjudication Water Right Nos. A63-8649
Notice of Error Reply**

October 10, 2006

Reed Batt, of Wilder Farms, called in response to the Notice of Error/Preliminary Recommendation packet of information he received in the mail. Mr. Batt agreed with the recommendation, but had questions regarding whether or not anything was required if he wanted to use some of this well's water on some of his property located to the west in Section 16. I told Mr. Batt that, yes, a transfer would need to be filed with our department if he wanted to change any aspect of this water right; more specifically, if this particular well's water is used on any other/additional acres other than the 142 acres depicted on the shapefile that he received in this mailing. I also informed him that he could find the required transfer form on our public web site or that we would send him one if he requested a copy.

Since Mr. Batt agrees with the Preliminary Recommendation, I asked that he send the *Notice of Error Reply* sheet back to us in the self-addressed stamped envelope; with a check next to the "I agree" statement and a signature. Mr. Batt stated that he would do so.

Remarks:

Comments:

1. skcen 11/15/2001 Licensing Review

Comment: Licensing review and data entry by S. Keen on 11/15/2001. No point of diversion overlaps. Besides Wilder Irrigation District, the only place of use overlap is statutory claim 63-4428, which is discussed in the beneficial use field report.

2. skcen 11/15/2001 Place of use description

Comment: I used Treasure Valley aerial photography from 2000 to heads up digitize the place of use. I came up with 261 acres, as did the field examiner, but they are distributed a bit differently than he recommended.
