RE: Change in Ownership Water Right No. 21-7138 & 21-7305

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Water Right Ownership:** On September 29, 2011 the department contacted you regarding your ownership change. We discussed that additional deeds would be required for portions of the place of use not covered by the deeds originally received. During our conversation it was mentioned that not all the ground is in the name of Bryan and Diane Larson and a split may be required if some portions are in the name of Bryan and Sandra Larson, Bryan and Patricia Miller, etc. Please note the department is required to list ownership as conveyed on the Deed if you want the ownership to listed, as Bryan and Diane Larson a Deed showing ownership of the entire place of use in the name of Bryan and Diane Larson will be required.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
