RE: Subcases 75-14060 (Fols)

Dear Judge Wildman:

You currently have pending before you a Motion to Set Aside Partial Decree filed by Albert Fols on September 8, 2011. The Department agrees the Fols' water right was described incorrectly and that the place of use should be decreed consistent with their other water rights. Should the Court grant the Fols' motion, the Department recommends that the water right be partially decreed consistent with the enclosed SF5.

Thank you for your consideration in this matter. Should you have any questions, please do not hesitate to contact me.

Sincerely,

Idaho Department of Water Resources
