	)	and 27-12137

I. FINDINGS OF FACT

A claim was filed for each of these water rights pursuant to I.C. § 42-1409. The Director of the State of Idaho Department of Water Resources examined the water system for this reporting area. The *Director's Report* contained recommendations for the elements of these water rights.

Objections were filed by LaVerelle and Deanna Stecklein, Shoshone-Bannock Tribes and the United States Bureau of Indian Affairs.

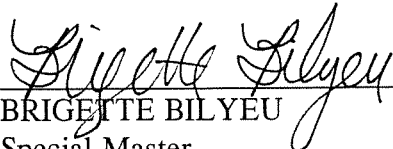

The Shoshone-Bannock Tribes and the United States Bureau of Indian Affairs filed a *Notice of Withdrawal of Objections*. There was no opposition to the withdrawal of the Objections.

The Idaho Department of Water Resources notified the court that these (7) subcases contained clerical errors in the combined use limitation. The court issued an *Order Setting Status Conference Regarding Correction to Combined Use Limitation* on August 15, 2011. The *Order* informed the parties that they should review the proposed attached changes and be prepared to explain on the record whether they agree with the changes. A Status Conference was held on August 31, 2011. Counsel Jerry Rigby appeared on behalf of Claimants LaVerelle and Deanna Stecklein. There was no opposition to the proposed changes. These water rights will be recommended consistent with the proposed changes.

II. CONCLUSIONS OF LAW

Based on the file and record herein, IT IS RECOMMENDED that these water rights be decreed with the elements set forth in the attached *Special Master's Recommendations for Partial Decree*.

DATED: November 3, 2011.
