**RE: Snake River Basin Adjudication Water Right Nos. A63-27346
License for Erection and Maintenance of Structures**

September 5, 2006

I called Black Canyon Irrigation District (#459-4141) with questions regarding the *License for Erection and Maintenance of Structures* document in the file – whether the source should be an Unnamed Drain or the Hartley Gulch Drain. The secretary connected me with Dennis. After mentioning the name of Robert Madden to Dennis, he mentioned that he was thinking of an old, old pump in lieu of surface water from the drain; but wanted me to fax the document to him so that he could review it. Therefore, I faxed the License to him at #459-3428.

September 7, 2006

Since I had not heard back from Dennis (Heeps) regarding the License I faxed to him on Tuesday, I called and left a message on his answering machine.

September 8, 2006

Dennis returned my call and left a message on my answering machine. He said that he could not find anything in the name of Madden and asked that I return his call.

September 11, 2006

I returned Dennis Heep's call and left a message on his answering machine.

Delivery System Narrative: From pumps to buried 6" PVC main that runs east to west on south border & diagonally to Pivot. Pivot is 3 towers (100 gpm/tower) with a 60' end gun. Off the south border main there are 4 hook ups at the SW corner & SE corner. Both are identical & have 4 lines (11) 40' sections (3" aluminum with a 4' riser on each section & 1/8" Rainbird nozzle.

The NW corner is irrigated by Black Canyon Irrigation, & the NE corner is not irrigated.

1987 & prior to that, the 6" buried PVC main on the south border, with 2 wheel line running north & south on west side & 2 on east side (all moving towards the center, & irrigating the entire 40 acres except drive way to 14763 Willis)

NARRATIVE/REMARKS/COMMENTS

Supplemental water: the area not irrigated by the pivot in the NW corner, is irrigated with Black Canyon Irrigation, utilizing 3" aluminum off the turn off valve, 11 sections, 4 lines (11) 1/8" nozzles off of 4' risers. This is the only corner using supplemental water.

33 acres in the SWNW was sold to Johnny Horn (208) 454-9198 who irrigates this property solely with Black Canyon Irrigation.

Lease property to Mike Wagner.

Pivot was installed in 1991. Previously the entire 40 acres, subtracting out the private drive way to 14763 Willis, was irrigated by wheel-line.
