Dear Jan Shurtz,

Department of Water Resources
Western Regional Office

We are returning these documents unsigned because after reading the water claims rights we realized that some amendments had not been included.

On Oct 28, 1988 we came into the office and talked to Eldon (sorry can't remember his last name) and he added further description under section #5 (diverting works). The additions included a description of a 50 gallon drum for collection and portable pump, to illustrate intent of use.

While in the office Eldon did add this information to our claims into the computer. Could you please check into this matter and send us the updated claims for our signature!

Thankyou for your attention

Sincerely,

Danrell and Carolyn Bohnhoff
