RE: Water Right No. 77-4174 & 77-4175

Dear Ms. Lukecart:

This office has completed the review of the claimed Points of Diversion on the above referenced water right numbers, per your request. As you had stated, it was discovered that the Point of Diversion, being the intersection of Sheep Creek and Wiley Creek, is in fact in the NWSE of Section 29, Township 20N, Range 7E. If the enclosed claims appear to be correct, please sign, notarize and return in the envelope provided. Also enclosed is a map of the area for your records.

Thank you again for your patience and cooperation, as we have had several water right changes to process. If you have any further questions, feel free to contact this office at (208) 334-2190.

Sincerely,

This is a response to the memo dated 5/27/03 concerning the POD for the above referenced numbers. According to the map attached, the POD being the intersection of Sheep Creek and Wiley Creek, is in fact in the NWSE of Section 29, T20N, R7E.

The amended claims have been sent for signature.

CONVERSATION MEMO

TO: AJ Agent for review
FROM: Denise Hatfield *DH*
DATE: May 27, 2003
SUBJECT: 77-4174, 77-4175 Point of Diversion

Joyce Lukecart called on approximately May 9, 2003 to ask that someone look at these files with her. Her concern is the Point of Diversion. She stated that the "current" maps show a different location for the points of diversion claimed on the above numbers. The points of diversion are now different than when the claims were originally filed. She also stated that it's not the claims that have changed, but the maps are what have changed.

The claims show SENW of section 29, 20N 7E. She thinks it should be NWSE according to the "current" maps.

Joyce called again today to check the status of the review and I informed her that we are working on claims in a very large area right now, and I would have an agent look into this as soon as possible. She can be reached at 634-5345.

Thank you
