The pond has been cleaned out at various times to retain the original depth but maintaining the original area of 1935. - Approx. $\frac{3}{4}$ Ac.

Information was passed down from the founders of Camp Sanders (1935) that the camp has exclusive rights to Indian Creek for irrigation purposes upstream to the headwaters of the creek. This is the understanding of several older men who are still involved in the leadership of the camp. (Names available on request.)

The pond has been considered as a source of water for community fire protection by state and federal agencies.

fee: \$50⁰⁰ + \$1⁰⁰ for each acre of irrigation (3)
