RE: Change in Ownership Water Right No. 21-7138 & 21-7305

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Water Right Ownership:** The deeds received with your application only cover a portion of the place of use of the water rights in question; the deeds received only cover 10 acres. Also as we discussed because ownership of the land is different on each parcel a division of the water right may be required. Please find attached a map showing ownership as per the tax lot data from the county and the place of use of the two water rights in question located in Township 7 North Range 39 East Section 1 NW Quarter and the NE of the SW Quarter.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
