CONDITIONS OF APPROVAL

1. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 95B.
2. A lockable device subject to the approval of the Department may be required at a later date and shall be maintained if required on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
3. Water shall not be diverted under this right when flows in the Spokane River are below established minimum flow amounts.
4. This right when combined with all other rights shall provide no more than 0.03 cfs per acre nor more than 3.0 afa per acre at the field headgate for irrigation of the lands above.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed and sealed this 18th day of July, 2007.
