Does overlap increase rate of flow, volume, additional acres, different source for same acres? Explain:

Even though the Williams pay Pioneer Irr. for water, but do not use it, I must still put the remark that they use Pioneer water because Pioneer will be able to count their shares as irrigated acres. Essentially, it will be an overlap.

CONVERSATION MEMORANDUM

**RE: Snake River Basin Adjudication Water Right Nos. A63-29751
Evidence of Priority**

May 1, 2006

Since I have questions regarding the location of the well and whether or not the claimants own shares in Pioneer Irrigation District, I called #467-4359 and left a message on the answering machine letting the Williams know that what I was most interested in was the location of the well. I asked that they return my call so that they could describe its location while I view a 2004 aerial photograph.

May 2, 2006

Joe Williams returned my call at 8:41 a.m. Mr. Williams said that he went out and measured the location of the well after he got my message. He said that the well is located 34 feet going north from the southern boundary of his property and then from the center of Franklin Road, it is 230 feet going east.

Regarding the use of Pioneer Irrigation District water, Mr. Williams replied that they do pay Pioneer Irrigation for water, but that they do not use it. Mr. Williams stated that they “have not been able to get it because it would be an expense to us.” He then added, “We have never used it.”

During our conversation, Mr. Williams also stated that they have used the underground sprinklers for irrigation since they “moved in” in 1987.

RE: EVIDENCE OF PRIORITY

SNAKE RIVER BASIN CLAIM NO(S): A63-29751

Dear Claimants,

In the past, the Vieselmeyers submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out. The Vieselmeyers indicated, when this claim was filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled. **"What Kind of Evidence is Required"** and **"Some Examples of Documents Which May Be Evidence of the Priority Date."**

It is important that each element of the Notice of Claim be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by March 27, 2006. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

******The statement (and newspaper article) you sent with your Change in Ownership form in 1994 only goes back to 1945. I will gladly use your statement and change your priority date to 1945.

copy enclosed

State of Idaho

DEPARTMENT OF WATER RESOURCES

However, if you have not claimed a priority date of May 10, 1940, if you can supply evidence of the use of the water going back to 1940, Idaho will assign you a priority date.

Enclosed is the "New Property Owner Notice of Change of Water Right Ownership" form and a copy of the deed of trust to show ownership.

In 1945 this was a Prisoner of War Camp and had 225 prisoners here. (See enclosed articles) After the prisoners left it became a labor camp for migrant workers.

My parents bought this and we moved here in 1988 and bought it from them in 1992.

We would like to convert water from the camp's use to domestic use and irrigation water.

Sincerely,

RE: Notice of Claim to a Water Right in the Snake River Basin Adjudication

Dear Ms. Vieselmeyer:

On July 7, 1993, IDWR sent your Notice of Claim back to you, with a letter explaining that additional information was required before we could continue to process the claim. In response to the letter, you called our office on July 15, 1993, and we discussed what IDWR will need to process your claim.

You indicated during our telephone conversation that you would claim .04 cfs for domestic use, and .02 cfs for commercial use (Item 6), for a total of .06 cfs (Item 7).

We also discussed the priority date of your claim (Item 2). Evidence of the claimed priority date will be required by IDWR during our investigation of the claim, but this evidence is not required to file the claim.

The fees associated with your claim are \$56.00 (\$50.00 flat fee plus \$100.00 per cfs claimed), if you decide to claim a total of .06 cfs. In February of 1990 you submitted \$25.00, leaving a balance of \$31.00. This additional fee must be submitted with your claim.

If no response is received by the response date at the top of this letter, your fee will be refunded. Claims can be resubmitted up until claims in your area are prepared for court decree; however at that time a late fee will be required in addition to the regular filing fee discussed above. At this time the late fee is \$50.00.

If you have any questions regarding your claim, please do not hesitate to contact me at the telephone number listed at the top of this letter.

Sincerely,

Maria Minicucci
