Re: Lot Location – Bill & Gloria Davis

Enclosed is a map showing the lots owned by Wilbur Wiles, what is referred to as the 'William Davis' lot and me. These three lot owners form the WILDA water rights places of use.

Bill Davis passed away some time ago, and his widow Gloria sold the lot to Dave Patchett of Vail, OR. I do not have his mailing address, but his phone number is (541) 473-2785.

Let me know if you have any additional questions.

A handwritten signature in black ink, appearing to be 'Jim Collord', with a large loop on the left side and a wavy line on the right.

Dear Mr. Collord:

On August 31, 1988, you submitted a Notice of Claim in the Snake River Adjudication (copy enclosed for your reference). It lists supplying three people with irrigation and domestic water in Section 35 Township 21N Range 9E. We have identified the lots owned by you and Wilbur Wiles. We cannot find the lot owned by William Davis. Would you please identify which lot he owns and send the information to us?

Dear Mr. Collord:

Thank you for returning the Change in Address of Notice of Claim form. Enclosed, for your records, is a copy of the above referenced claim with the corrected mailing address.

After reading your letter of November 10, 1996, I searched our records for additional water rights or claims in your name and I did not find any. Please note that the claim for Willda Association covers the irrigation of 9 acres and water for 3 homes from Government Creek. If you irrigate an additional 9 acres you need to submit a claim which states that. If the claim for Willda Association covers the irrigation of your 9 acres, no further claims are required.

A claim is not required to be filed for water used solely for fire-fighting purposes. The SRBA (Snake River Basin Adjudication) report will contain general conclusions of law recognizing and protecting the use of water for fire-fighting purposes absent a decree, license, or permit for the use of water for this purpose.

Please be advised that you will be required to submit evidence of the priority date claimed when we begin our investigation of the water rights in your area. Enclosed, for your information, is a brochure which describes what type of evidence can be submitted. I am letting you know about this now so you can begin to collect the information that will be required. You can submit your evidence whenever you feel you have documented the 1935 priority date.

If you have any further questions regarding your water use, please do not hesitate to contact our office.

Sincerely,

Dear Kay Walker:

I am replying to your letter of November 8, concerning Willda Associations' Water Rights No. A-77-10078.

I have filled in what blanks are required, and I am so hopeful that this will put this to rest. I still cannot fathom what went wrong. I am hopeful that this is corrected. We do thank you for the letter, and we will try to keep in compliance with all laws that pertain.

Under the names of James & Marjorie Collord, we hold another water right on Government Creek. This has been in effect since 1935 also, and goes with the same property as A-77-10078. This is used for fire protection and irrigation on the same nine (9) acres.

Thank you for your letter, and I am hopeful this is cleared up now.

Dear Mr. Collard:

The U.S. Forest Service just contacted our office in regard to the above referenced claim. They had discovered that the township and range shown on the claim were incorrect. In pulling our file, I found our copy showed the township as 09N, and the range as 21E. When I went into our computer system I found the township and range had been corrected to Twp. 21N, Rge. 09E as the map in the file evidenced. Enclosed, for your records is a copy of your claim as it now appears in our computer system. If you disagree with this, please contact me within the next 30 days and we will take proper action to make the claim correct.

Also, the Forest Service representative did not think the current mailing address for Willda Association was correct. Enclosed, for your convenience is a change in address form to be used to correct the address in our records.

If you have any questions, please do not hesitate to contact me.

I am in receipt of the fax you sent in response to my letter of November 4, 1996. Please be advised that you need not take any action on the claim I sent to you if you feel it correctly describes your water right.

I cannot offer any assistance or information in regard to the right of way agreement between Willda Association and the U.S. Forest Service. That is not within our jurisdiction.

RE: Willda Association

I have your letter, and am in doubt as to just what procedure to follow to clear this matter up in your office.

I am the Secretary of WILLDA, Wilbur Wiles, 4816 Adams Space #43, Boise, Idaho 83714--phone 208/376-4410 is the President. We have never had any trouble with this water right, in application or use, and are wondering just what is wrong. Our TWP & RGE has always been stated right. We have complied with every rule asked of us, but we feel \$45.00 is an exorbitant amount for the USFS to charge for 66 feet under the road, not built or maintained by them, each year. We are trying now to get out from under this onerous charge.

The HISTORY and MANAGEMENT of R.S. 2477, Rights of Way Claims on federal and other Lands. States rather clearly that, according to the RECOGNITION of EXISTING RIGHTS of WAY for ditches and canals constructed under 43 U.S.C. 661 -- act of July 26, 1966. We do come under this act.

Please inform us to what you have to have, we will comply.
