RE: 77-10120

On September 14, 1989, you submitted a Notice of Claim in the Snake River Adjudication. It lists 1.50 cfs for mining use in the Crooked Creek drainage. How did you arrive at 1.5 cfs? What horsepower are your pumps and what is the size of discharge pipe? What type of equipment are you using in your mining operation?

I would appreciate hearing from you soon and thank you for your patience.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ken'.
