To whom it may concern,

On October 8, 2010 I filed a claim for water rights. I have since found some information on when water was first used on the property we own.

On July 30, 1969 a bid was made for the construction of a lake cabin with a water system which included a pump to take water from Lake Coeur d'Alene. The cabin was paid off in full on September 27, 1969 and Kootenai assessed the valuation of the property with building on June 9, 1970. I am enclosing copies of the bid, the evaluation, and the NIA Claim Filing Fee for your information.

Sincerely yours,

Joseph T Bradley
