To Whom it may concern,

This letter is regarding the property belonging to John Eisler at 471 French Gulch Road, Kingston, Idaho. The creek on the property has been used as water for farm animals, and the animals always drank from the creek directly. It was also used as irrigation for a small garden. It has not been used for any other purpose.

I know this because I have lived in French Gulch for over 60 years and the property was owned by my family for many years in the past.

If you have any questions please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Gail M. Haynes".
