Re: 95-9658

We have reviewed our suggestions we made to you in October regarding your water right. We suggest that a better description of your right is to move 20 acre feet of storage and add diversion to storage as a water use and leave the rest of the right as it was. The can be done under the accomplished transfer statutes. This would eliminate the requirement of a new application. If you agree with this suggestion then please sign the enclosed claim, return the claim to our office and request that you application for a new right be withdrawn and ask for the filing fee to be returned.

Sincerely,
